Contact person's gender	Female
Contact person's first name	Maria Pia
Contact person's last name	Belmonte
Contact person's position	Partnership coordinator
Contact person's E-mail	pia.belmonte@gmail.com
Contact person's Phone number	3927689706

BRIEF INTRODUCTION OF THE ORGANISATION

Founded in 1997 by students and graduates of the University of Calabria (UNICAL), Entropia is an organisation that operates both locally and internationally. Its venue hosts an average of 30–40 young people every day, involving them in activities led by staff and volunteers.

Not only students, but also artists, journalists, professionals from different fields, as well as young refugees and asylum seekers, find here a cosy and welcoming space to study, co-work, socialise, learn and actively participate in community life.

Over the years, Entropia has achieved several successful outcomes and built a solid network of partners at both national and international level, through activities and projects related to communication, music, arts and theatre, festivals, workshops, training courses, meetings with authors and experts, individual and group volunteering, language courses, support for international students, and more.

The main fields of interest and expertise include:

- MEDIA AND COMMUNICATION
- SOCIAL INCLUSION
- ACTIVE CITIZENSHIP
- YOUTH OPPORTUNITIES
- ARTS AND CULTURE
- DIGITAL INCLUSION
- NON FORMAL EDUCATION
- SUSTAINABLE ENTREPRENEURSHIP

EU PROJECTS

We have implemented several Erasmus+ and European Solidarity Corps projects as both a sending and hosting organisation. These include individual and group volunteering activities, youth exchanges, training courses and solidarity projects, involving approximately 300 young people from all over the world.

Entropia actively promotes inclusion, ensuring that individuals and groups with different backgrounds are culturally and socially accepted, welcomed and treated equally.

Through workshops and laboratories, we empower young people by helping them to improve their skills and competences in a non-formal and safe environment that fosters both human and professional development. We also organise activities to discover and reinterpret the surrounding areas with a truly 'European breath', such as festivals, urban trekkings and other cultural initiatives.

SKILLS AND EXPERTISES OF KEY STAFF INVOLVED IN THE PROJECTS

Entropia's team is composed of people who are fellow travelers; they guide the way, assist beginners, and provide support at every step. Both trainers and youth workers have experience in youth projects and training across European countries. The team consistently works for the benefit of youth, promoting integration and territorial development.

Entropia has a highly qualified team with expertise in the design, management, and monitoring of volunteer projects, as well as in organizing cultural and intercultural events and festivals. Project managers and coordinators oversee the overall management, distributing tasks and responsibilities within the organization and among partners involved. They are actively engaged at every stage of the project.

The communication manager coordinates all communication activities related to both the project and the organization. Tutors and mentors support volunteers, helping them monitor their learning and professional development processes. Youth workers and coaches facilitate and lead activities, workshops, and labs with participants involved in various types of projects, including mobility initiatives.
