Network MENA Green Movement

The network was founded in December 2023 by a group of activists from various countries, including Iraq, Lebanon, and Jordan. They met in Utrecht, the Netherlands, under the sponsorship of the IFG Foundation, and decided to collaborate for a green future in our region. Their goal is to achieve this through action, networking, research, advocacy, and youth-led development projects in the Middle East and North Africa.

The MENA Green Movement Network (MGMN) is a regional network of young people engaged in climate action within the MENA region. It brings together activists and civil society organizations. Its main mission is to promote the green agenda in the region, with a youth-driven perspective.

YOUTH DEFENDERS ACADEMY

Objective: To contribute to strengthening the resilience of local associations in the Sfax region, Tunisia, by improving their legal and administrative compliance, promoting freedom of association, and developing the skills of a new generation of human rights defenders.
