EDUMORE
EVERYTHING ABOUT EDUCATION

ABOUT US

EduMore established 2019 is an institution that is open to cooperation in all fields of education. It approaches individual and corporate needs in a solution-oriented manner. It derives its strength from its experienced staff and academic background.

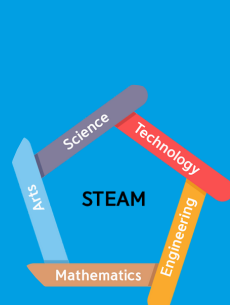

We organize personal or professional development courses, seminars, workshops, panels for all kinds of institutions and organizations or individuals. Apart from the course modules prepared by education experts, course modules can be designed and implemented in line with the needs and expectations of individuals or institutions.

SOME OF OUR ACTIVITIES

EDUMORE COURSES

EduMore Training Center offers a wide range of innovative courses to help you update your professional competences !

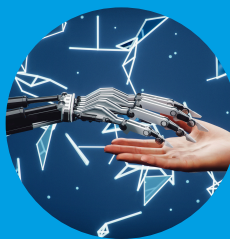

STE(A)M+E

STEAM is an educational approach that uses science, technology, engineering and mathematics and art. The STEAM approach aims to raise a generation who thinks multidimensionally with interdisciplinary association, has understanding and solving skills for a problem, and has acquired scientific process skills.

ROBOTIC PROGRAMMING

Coding education improves individuals' result-oriented working, problem solving, algorithm creation skills. Today, robotic technologies and coding have been combined to concretize abstract concepts. Thus, learning to code has become easier even in younger age groups. This course is a guide to revealing the coding skills of individuals and improving algorithmic thinking and understanding the technologies of the future.

AI

This course aims to give a quick start to the participants who want to train themselves in the design and programming of artificial intelligence applications and have no experience in this field, and to carry them to a level that they can progress on their own. The content of the course includes Python programming, basic concepts of machine learning, design and testing principles, introduction to deep learning programming

CLIMATE CHANGE

Courses from EduMore

EduMore Training Center offers a wide range of innovative courses and even prepares tailored-courses on demand.

THE MISSION

The mission of EduMore is to provide innovative educational trainings for teachers together with other courses in various fields.

OUR CONFIRMED COURSES IN JUNE AND JULY 2024

CULTURAL ACTIVITIES, WE OFFER

WHAT WE OFFER

AIRPORT TRANSFER

Our guests arriving to Adana Sakirpasa Airport are met at the airport by our team holding a sign on which your company's name is written so that it will be easy to recognize and your transfer to the hotel in Mersin is done by private car, bus or minibuses regarding number of participants.

TRANSPORTAION

We will organize local transfers by special bus or our cars. Local transportation for a better experience in Mersin will be done by minibuses. You are transferred to the cultural activities by minibuses or cars.

ACCOMMODATION

There is a variety of accommodation at your choice – smaller hotels and private apartments are usually the most popular choice as they are very comfortable and nicely furnished. At hotels, you can expect to have breakfast included in the price, while in the hostel and private apartments there is usually a little kitchen provided within the accommodation.

FOOD

Our team provides breakfast (open buffet at the hotel), lunch and dinner in different restaurants to taste local food. Our guests can have starter, main course and dessert. They are served beverages, tea (çay), Turkish coffee and a bottle of water. You will also be taken to seaside restaurant for the farewell party. You will never forget this authentic local food.
