

Elbon EduConsults Ltd

In collaboration with iCare Humanity Ghana

About the Collaboration

Elbon EduConsults Ltd is a legally registered Ghana-based education and youth mobility organization working to equip young people—especially those from marginalized or underserved backgrounds—with the tools, mindset, and global exposure needed to thrive as active citizens. Founded with a deep commitment to inclusion and ethical mobility, Elbon combines education consulting with grassroots outreach to build access to Erasmus+ exchanges, volunteering, and intercultural training.

We provide full-cycle support—recruitment, orientation, visa guidance, mentoring, and post-return reintegration. Focus areas include non-formal learning, youth employability, entrepreneurship, leadership, and civic engagement.

Elbon partners with iCare Humanity Ghana, a registered youth-focused NGO, to ensure outreach and social inclusion. Together, we ensure Erasmus+ projects are ethical, inclusive, and community-driven.

Elbon EduConsults Ltd is a registered third-country sending partner under Erasmus+ with **OID: E10403352**.
