

YOUTH MOSAIC

Who are we?

We are **Youth Mosaic**, a non-governmental organization founded by three young people with a big dream:

To share European values and help young people discover new cultures, ideas, and perspectives.

Just like a mosaic, we believe that every person, culture, and story adds a unique piece to a greater picture.

Our goal is to connect, empower, and inspire youth by bringing them together through international exchanges, workshops, and creative experiences.
