We offer customizable, professional training packages for businesses, third-sector entities, and consortia.

PROJECT MANAGEMENT and GRANT WRITING

PROJECT MANAGEMENT and GRANT WRITING

The Design With Cooperative team comprises four experienced project designers with a proven track record in proposal writing, project management, and coordinating technical and scientific activities.

Networking and partnership building – We provide access to a network of national and international partners (universities and research centers, clusters, business consortia, and third sector organizations) with solid experience in funding calls.

Proposal development for national and European funding programs – In recent years, among others, the *Design With* team has worked on several project proposals under Erasmus+ KA2, POR-FESR and Interreg NEXT-MED.

Technical and scientific consulting for project management and implementation – Proven expertise in planning, coordinating, and managing project work packages (WPs), including: Management, Quality Assurance, Impact Evaluation, Training Curriculum, Skill Assessment, Dissemination and Exploitation.

PROJECT MANAGEMENT and GRANT WRITING

Project Planning and Proposal Submission

- Identify funding opportunities (Horizon Europe, Erasmus+, Interreg, LIFE, etc.)
- Draft project proposals in collaboration with national and international partners
- Develop budgets and financial plans in line with national and EU guidelines
- Define project objectives, expected outcomes, and activities
- Submit proposals to relevant funding calls

Project Coordination and Management

- Organize and manage national and international project consortia
- Monitor progress of activities, reports, and deliverables in compliance with project timelines
- Coordinate project meetings, workshops, and dissemination events

Financial and Administrative Management

- Supervise budget and expenditures
- Prepare technical and financial reports
- Liaise with managing authorities

Monitoring and Reporting

- Assess project results against initial objectives
- Draft and submit technical and financial reports to funding bodies
- Identify and address potential challenges during implementation

Dissemination and Communication

- Manage internal communication among partners and with funding bodies
- Organize dissemination and networking events
- Ensure project visibility through social media, publications, and conferences
