YOUTH EXCHANGE INCLUSION THROUGH THE POWER OF ART

25.01.2026-31.01.2026
Yambol, Bulgaria

INCLUSION
THROUGH
ART

ABOUT THE PROJECT:

“Inclusion Through the Power of Art” is an Erasmus+ Youth Exchange that brings together young people from different countries to explore how art can be used to promote inclusion and challenge discrimination, racism, and stereotypes.

Through creative workshops, group discussions, and intercultural collaboration, participants will reflect on social barriers, express their personal stories, and learn how to use artistic tools like painting, theatre, music, and storytelling, to build empathy and understanding.

The project will help participants develop key competences such as open-mindedness, intercultural awareness, creativity, and teamwork. It will also encourage them to think critically about exclusion and become more active in creating inclusive communities.

By the end of the exchange, participants will leave with stronger social and communication skills, a deeper sense of empathy, and practical tools for using art as a way to connect, inspire, and make change.

MAIN OBJECTIVES OF THE PROJECT:

- 1. Raise awareness about discrimination, racism, social exclusion, and the impact they have on individuals and communities.**
- 2. Promote empathy, tolerance, and open-mindedness through meaningful intercultural experiences**
- 3. Use art as a powerful tool to overcome social barriers, challenge stereotypes, and confront racism and discrimination.**
- 4. Encourage self-expression and storytelling as tools for dialogue, connection, and inclusion.**
- 5. Strengthen key soft skills such as creativity, communication, problem-solving, adaptability, and teamwork.**
- 6. Empower participants to become active promoters of inclusion in their communities.**
- 7. Foster long-term intercultural friendships and networks that promote European values of solidarity, diversity, and equality.**

ACTIVITIES, PARTICIPATION AND LEARNING OUTCOMES

All activities will follow non-formal education methods such as workshops, team projects, discussions, and creative sessions. Participants will actively take part in planning, presenting, and leading parts of the program.

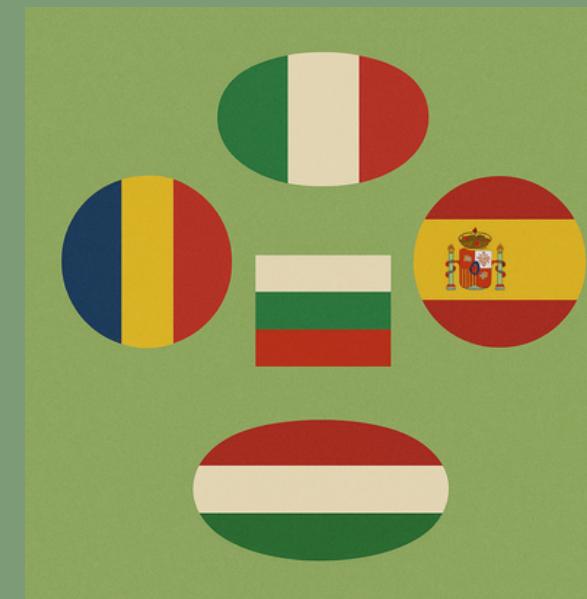

Throughout the 7-day exchange, they will explore how art can raise awareness about inclusion, diversity, and equality. Activities will include creative workshops, energizers, group challenges, and visits to places connected to the project theme.

Participants will also work on digital outputs like a short video or artistic materials to share the project's message. They will develop essential soft skills, such as teamwork, communication, creative thinking, and intercultural skills - before, during, and after the program. More details about each task will be shared in advance and during the exchange.
