| D. BACKGROUND AND EXPERIENCE | |
| Please briefly present the partner organisation. | <p>Nube 7 Valencia was established in 2017. It's a STEAM-based academy (Science, Technology, Engineering, Arts, and Mathematics) that provides interdisciplinary workshops blending various fields such as graphic design, 3D printing, programming, electronics, video editing, filmmaking, scientific dissemination, non-formal education, and STEAM workshops.</p> <p>Our academy is committed to hands-on learning and creativity, offering innovative educational experiences that foster critical thinking, problem-solving, and teamwork. Through our activities, we aim to bridge the gap between arts and technology, making learning more engaging and accessible for young people.</p> <p>We work with participants aged 6 to 24, ensuring a dynamic and inclusive environment where they can develop technical and artistic skills, gain confidence, and explore their interests in a supportive community.</p> |

| | |
|--|---|
| | <p>As a community-driven organisation, we actively collaborate with local and international partners to promote educational innovation and cultural exchange. Our experience in STEAM education and non-formal learning methodologies makes us an ideal partner for Erasmus+ projects focused on youth development, digital skills, and creative education.</p> <p><u>Strategy of the organization:</u> Our strategy focuses on creating an inclusive and dynamic learning environment by offering interdisciplinary STEAM workshops that integrate science, technology, engineering, art, maths, etc. In essence, creativity and practical skills. We emphasize hands-on, project-based learning to engage young people and encourage them to explore their interests, while fostering collaboration and innovation. Through partnerships with local and international organizations, we aim to expand our reach and continually adapt our programs to meet the evolving needs of our participants.</p> <p><u>Object of the organization:</u> to provide high-quality, innovative educational opportunities for young people through STEAM-based workshops.</p> <p><u>Aims of the organization:</u></p> <ul style="list-style-type: none">✓ To provide innovative and accessible educational opportunities through STEAM disciplines.✓ To foster hands-on, project-based learning to develop technical, artistic, and problem-solving skills✓ To promote creativity, collaboration, and critical thinking among young people✓ To bridge the gap between art and technology, encouraging interdisciplinary learning✓ To equip young people aged 6 to 24 with the skills needed for future personal and professional success✓ To create an inclusive learning environment that adapts to the evolving needs of participants✓ To encourage exploration and discovery by offering diverse and engaging workshops✓ To support the development of youth through non-formal education and collaborative partnerships |
