

”Are you in the right place?”

1.1. Youth Exchange

Short description: During the 10 days the participants can get more information about the inequality of youngsters who live in less developed areas. Because of their habitats they hardly get information - or not at all - about the opportunities of the European Union. During the project the youngsters can find some alternative solutions through workshops, small group activities, debates and role-playing. Also they can visit some local, less developed villages to start to spread the information.

Location: Hungary, Égervölgye Youth Camp

Target group: youngsters between 16-25 years

Dates: 2014. spring/summer

Apply: uton.application@gmail.com till **2013. 01. 28.**
