

ES-ham for Training and Development

Empowering Communities, Fostering Innovation

Executive Summary

ES-ham for Training and Development is a leading non-profit organization based in Irbid, Jordan, dedicated to fostering resilience and sustainable growth within local communities. Our approach is built on a comprehensive intervention framework that spans the full spectrum of community development: from Awareness and Prevention to Protection, Response, and Recovery.

Our Core Activities & Expertise

- **Capacity Building:** Strengthening the skills of youth and community practitioners.
- **Sustainable Development:** Aligning local projects with the 2030 Global Goals (SDGs).
- **Inclusive Empowerment:** Integrated programs for women, youth, and vulnerable groups.
- **Green Economy:** Promoting environmental stewardship and sustainable entrepreneurship.
- **Social Protection:** Providing community-based protection and psychological support.

Strategic Goals for International Cooperation

We are specifically looking to host and send volunteers through the **European Solidarity Corps (ESC)** program and collaborate on **Erasmus+** youth mobility projects. Our focus is on creating social impact, enhancing digital and green skills, and fostering intercultural dialogue between Jordan and Europe.

Why Partner with ES-ham?

Located in the heart of Irbid, **ES-ham** acts as a bridge between local community needs and international development standards. We offer deep local insights, a robust volunteer network, and a professional management team committed to transparency and high-impact results.
