

MYJAVA YOUTH PARLIAMENT

Official Presentation & Partnership Request

We are an organization of young people aged 13 to 19 who actively participate in beautifying the town of Myjava. Our main base is located in the Youth Club (Klub mladých), which is situated under the public library in Myjava. We operate under the Center for Free Time (Centrum volného času), which serves as our official and administrative headquarters. This is also where our coordinator works, managing the operations of our parliament. We frequently hold meetings at the center to discuss local issues and evaluate what young people in our town need.

We often dedicate our time to various volunteering activities, helping people, and cleaning up our local environment. We continuously organize various activities for the youth and general public in our town, and we are currently trying to expand and further develop these efforts. We are highly interested in exchange programs and Erasmus+, which we would like to participate in and arrange this opportunity for our members. This is the main reason why we decided to contact your organization.

Our cooperation with the town of Myjava is at a very high quality level; we communicate very frequently and develop various projects that arise either from the town's initiative or from our own. Thanks to the town's support, we are truly proud of our town and we would like to move our overall activities forward.

As mentioned, our primary goal is to provide our members with the opportunity to participate in an Erasmus+ project. Given your experience in this field, we are reaching out to you with the hope of establishing a partnership that would allow our youth to join your upcoming international initiatives.

Thank you very much for your time and consideration. We look forward to your response and potential cooperation.

Best regards,
Myjava Youth Parliament
