C. ACCREDITATION	
Has the organisation received any type of accreditation before submitting this application?	No
Has the organisation received/applied for any EU grants?	No
D. BACKGROUND AND EXPERIENCE	

Please briefly present the partner organisation.	Asociația Generația 360 is a newly founded youth-led NGO based in Bucharest, created by three close friends united by a shared vision: to build a world where young people feel safe, empowered, and inspired to grow. Although new as an entity, our team brings together years of experience in youth work, volunteering, and non-formal education, with strong backgrounds in areas such as environmental protection, gender equality, youth training, and sustainable development. Having been actively involved in various NGOs and international projects, we carry with us not only knowledge and skills, but also the energy, creativity, and determination to make a lasting impact. Through our work, we aim to create a welcoming space for young people – and for all those who share our values – to learn, connect, and develop. A space that fosters empathy, inclusion, personal growth, and collaboration.
What are the activities and experience of the organisation in the areas relevant for this application?	Although Asociația Generația 360 is a newly established organisation, its founding members bring together many years of experience in youth work, volunteering, and Erasmus+ initiatives. Collectively, we have participated in and contributed to KA1 Youth Exchanges and Training Courses, as well as KA2 Strategic Partnerships in areas such as: ● Inclusion & diversity – projects focused on the active participation of young people from disadvantaged backgrounds, as well as initiatives addressing the needs of youth with fewer opportunities. ● Sports & healthy lifestyle – youth mobilities using sport as a tool for social inclusion, teamwork, and well-being. ● Disability & mental health – activities promoting accessibility, awareness, and resilience among young people. ● Sustainability & environment – Erasmus+ projects encouraging eco-friendly behaviours, climate awareness, and sustainable community development.

	● Digitalisation & innovation – training courses enhancing youth workers’ digital skills and using technology as a tool for inclusion and participation. ● Active citizenship & participation – initiatives supporting youth engagement in democratic life, critical thinking, and community action. Through these experiences, the team gained practical expertise in project management, facilitation of workshops and training sessions, intercultural learning, and international cooperation. While the association itself is at the beginning of its journey, our founders’ combined knowledge, motivation, and strong Erasmus+ background equip Generația 360 to become a reliable partner in European projects, contributing with energy, creativity, and commitment to non-formal education and youth empowerment.
What are the skills and expertise of key staff/persons involved in this application?	Iuliana-Cosmina Popoaia (President): ▪ Over 10 years of volunteering experience in a wide range of local and international projects, primarily focused on youth, sports, and cultural initiatives. ▪ Extensive experience in planning, coordinating, and implementing projects involving both small groups and large-scale events with over 100 participants. ▪ More than 3 years of professional experience in FMCG marketing, with expertise in social media management, community management, brand management, and event management. ▪ Previous experience as a Project Manager in an experienced NGO, coordinating Erasmus+ projects throughout the entire project lifecycle, from planning and implementation to reporting and evaluation. ▪ Academic background: Bachelor's Degree in International Relations and European Studies, and a Master's Degree in Project Management. ▪ Certified trainer with extensive experience in designing and delivering non-formal education activities, workshops, and training courses for young people. ▪ Strong communication, facilitation, and intercultural communication skills, developed through working with diverse international teams and participants. ▪ Excellent organisational and time management skills, with the ability to coordinate multiple stakeholders, manage deadlines, and solve problems effectively. ▪ Experienced in teamwork, leadership, conflict resolution, and fostering inclusive and collaborative learning environments.
