„ACTIVITY THROUGH CREATIVITY”

Erasmus + Youth exchange

ABOUT THE PROJECT

The "Activity through Creativity" will be implemented from 29 of August to 7 of September 2014, in Poland, in Szczyrk. Participants of the project will be 13 - 15 years old young people from four different EU member countries, in total 35 people including their teachers. The primary objective of the project is to stimulate innovation, creativity and entrepreneurship of youth. During the workshop, by using methods of informal education, youth will gain important skills, such as: teamwork, tasks planning, risk management and conflict resolution. Together, in international groups, they will work on planning their future education and job. Thanks to spending time in an international environment, young people will learn the benefits of cultural diversity, recognize common values and would seek a common European identity.

Number of participants: 7 + 1 leader (teacher).
