Activities: The major idea of the MFOTB project is promotion of bicycle as a tool in many dimensions and cycling as activity in local neighbourhood of Arad.

EVS volunteers will have a target of involving 150 new persons to cycling activity with 9 months of stage duration. Those 150 persons, together with local CSEM volunteers, coordinating team and EVS volunteers themselves, will create local community of cyclists gathered around CSEM organisation.

Projects activities will concentrate around identifying the needs of local community of Arad in 3 basic areas, using bicycles as a tool:

- Bike and its role in sport (promoting sport activities)
- Bike and its practical role in society (cheap transport, ecology, road safety)
- Bike and its positive influence on human health (recreation activities with the use of bike)

The target of the project will be for the volunteers to gain at 5 solid partnerships with a local authority or NGO or private company to deal with a problem found in the process of identification of needs of local neighbourhood regarding using bikes as tools in chosen areas.

MFOTB project will focus on close cooperation between EVS and local CSEM volunteers.

MFOTB project is a second from a trilogy of 3 EVS projects planned by CSEM organization to promote 3 major sport activities in our club: running, cycling and swimming. You are taking part in history!

In connection to these activities major tasks and objectives of “Many faces of the bicycle” are:

1. Developing the necessary competences for cycling, in 9 months of the stage duration;
2. Gaining the competences of planning, realizing and evaluating of a cycling event in 9 months of the stage duration;
