## BACKGROUND AND EXPERIENCE

**Please provide a short presentation of your organisation (key activities, affiliations, size of the organisation, etc.) relating to the area covered by the project.**

Bosnian Representative Association for Valuable Opportunities (BRAVO) is a non-governmental organization that prioritizes knowledge, entrepreneurship, civil society development, non-formal education, and innovative learning and development techniques for young people and adults. BRAVO's key principles are **tolerance, democracy, diversity, voluntariness, and openness**, which guide the organization's actions.

BRAVO is a leading organization in Bosnia and Herzegovina that serves as the engine for youth in our country and beyond. As such, it plays a crucial role in facilitating and supporting the participation of Bosnian youth in various Erasmus+ programs.

BRAVO has been recognized for its outstanding humanitarian work and has received the ESC Humanitarian Aid Quality Label, making it one of only 150 organizations in the world to have earned this prestigious accreditation. BRAVO has also been awarded the Quality Label for European Solidarity Corps, which attests to its commitment to excellence in the area of solidarity and volunteering.

BRAVO's expertise extends beyond youth development and humanitarian work. It is the only organization in the Western Balkans region that has the authority to certify companies and individuals on digital skills and competencies. This certification program is designed to equip individuals and organizations with the skills they need to thrive in today's digital landscape.

BRAVO is an organization committed to driving positive change in Bosnia and Herzegovina and beyond. Its focus on youth development, entrepreneurship, humanitarian aid, and digital skills training, along with its numerous accreditations and certifications, makes it a highly respected and effective organization in the region.

BRAVO fosters partnerships between the private, public, and civil society sectors, enabling it to contribute to long-term local community development. Its focus is on empowering youth to gain the skills necessary for the 21st century, offering more accessible and inclusive non-formal education, and investing in innovations and entrepreneurship. BRAVO targets young people aged 15 to 35, but it is also committed to assisting individuals of all ages in need of support.

BRAVO concentrates on worldwide initiatives that uphold European values and ideals, particularly working with individuals who have less access to opportunities. The organization collaborates with institutions and organizations that support people with disabilities, organizing sign language courses and sports activities for individuals who are blind or have impaired vision. BRAVO engages participants from across Europe to volunteer and learn about ways to support vulnerable groups.

BRAVO's team operates in various fields and topics, including human rights, anti-trafficking, reproductive health and STDs, gender equality and combating gender-based violence, sports, audio and video production, people with fewer opportunities, event organization, entrepreneurship, IT and ICT, technology, humanitarian actions, national and international projects, support in the fight against criminality and corruption, accelerating start-ups, industry 4.0, project management, refugee and migrant support, and creative actions. The organization is also involved in publishing books, brochures, newsletters, flyers, affiliations, and other publications.

BRAVO is deeply committed to fostering entrepreneurship and startup culture in Bosnia and Herzegovina and the wider Western Balkan region, with a particular focus on supporting those with fewer opportunities and promoting women in entrepreneurship. As a dynamic and proactive organization, BRAVO recognizes the transformative impact that entrepreneurship can have on individual lives and on broader societal development. Leveraging its extensive network and deep expertise, BRAVO initiates and participates in numerous projects aimed at empowering aspiring entrepreneurs through education, mentorship, and access to necessary resources.

Through our activities, BRAVO actively reduces barriers to entrepreneurship by providing tailored training programs that address the unique challenges faced by women and economically disadvantaged groups. These programs are designed to impart essential business skills and to boost confidence and encourage innovation. We facilitates access

to startup funds and incubation programs, creating a nurturing environment where young entrepreneurs can test, refine, and launch their business ideas.

BRAVO's commitment extends beyond immediate entrepreneurial training; it encompasses a broad vision of cultivating a robust startup ecosystem that supports sustainable business practices and promotes inclusive growth. The organization collaborates with local and international partners to bring the best practices and latest innovations in startup development to the Balkans. This approach not only enhances the entrepreneurial landscape locally but also integrates it more tightly with broader European economic networks.

BRAVO's strategic initiatives include targeted support for women entrepreneurs, recognizing their underrepresented status in the business world. By creating more opportunities for women to succeed in business, BRAVO champions gender equality and stimulates diverse economic development. These efforts are complemented by campaigns and workshops that raise awareness about the importance of diversity and inclusion in entrepreneurship.

BRAVO's extensive work in promoting entrepreneurship in Bosnia and Herzegovina and the Western Balkans is pivotal in shaping a more equitable and prosperous future.
