Feedback

Three months spent in Sicily were full of new experiences. My training gave me a wide range of abilities and knowledge which I want to use in my future career. In Barcellona Pozzo di Gotto I have met people who proved me that with hard work and belief in one's plans and dreams it is possible to make them real.

Hello there, We are student of Ethnology And Cultural Anthropology from Poland. We spent in Sicily our Erasmus Trainee Program with A rocca Association and Parco Museo Jalari. It was great time, grand experience for the future job but also cultural adventure. Sicily has impressive cultural heritage gathered for long time of various dominations. Beauty of architecture and relicts is in harmony with landscape. We worked there with professionals, in creative, dynamic team. Unforgettable experience!

Aleksandra Żerkowska and Katarzyna Kowalska, students of Ethnology and Cultural Anthropology, Univeristy of Nicolaus Copernicus Toruń Poland
