### Practicalities:

We recommend you to bring your own laptop because you are going to use it for work at the office as well as for your own private purposes.

### Language:

The official language in Tunisia is Arabic language .You will notice in Medenine, that Although some of the people know a little English, they might be shy to try to Speak it .However, they will communicate by any possible means through for Instance gestures .The young population and students of other Universities in the City generally know French , English on a communicative level, so it shall be possible to Communicate with some of the young generation.

### During the project:

The pro medium period for volunteers is 07 days, structured as follows: after your arrival you will be "learning by observing" how we work in AVER in order to check the possibility of transferring such model to your City, town, university, NGO,Etc. and the direct knowledge of the local community.. During the rest of the project, you will contribute to a publication to be published, participate in the local activities and work in your personnel project.

Some meeting with media will be organized to promote voluntarism and active citizenship.
