LEBANON

We envision a
society where
youth are
empowered
socially, culturally
and educationally

VOLUNTEERING

OUR MISSION

Empowering Lebanese Youth physically, socially, educationally, culturally and professionally through Sports, Non Formal Education and Participation in local and International programs and projects

The “Chabibeh Sporting Club” was established in 2002 through resolution Nb. 35 SH/R from the Lebanese Ministry of Youth and Sports. Today, “Chabibeh” is a member of 6 Lebanese sports Federations, and participates yearly at national tournaments and competitions.

Since its founding, the club used sport as a tool to positively integrate young people in their society, and to develop the skills needed to empower them physically, socially, educationally, culturally and professionally.

In 2008, Chabibeh founded its Youth Department called “**Chabibeh Youth**” which is working closely and in strong collaboration with the sports department “**Chabibeh Sports**”.

The two departments offer a one of a kind experience and a safe, interactive and supportive environment where young people can practice their favorite activity, build friendship, and acquire lifetime skills through the different local and international projects and programs.

Sports, Youth Empowerment, Youth Participation, Volunteering, Peace and Reconciliation and Social Development are the main areas of Focus for Chabibeh whether through “Chabibeh Sports” or “Chabibeh Youth”.
