Vision

Vision and mission

Strategy of the organization: Creation of a new layer of young people with liberal ideas, ready to work for the welfare of the people of their country and to cooperate in the spirit of tolerance and partnership with other nations. Object of the organization: to frame favourable conditions for the development of a creative, energetic young person having active civil position. Aims of the organization: To develop the creative potential of the youth To support youth initiatives in various fields To create conditions for active involvement of young people both into social, economic and cultural life of the society Encouragement impulses to self-actualization of a free individual Popularization of democratic ideas, institutions of a civil society To develop respect for public, liberal and democratic values To develop the international youth cooperation, to cooperate with foreign youth organizations

Functioning and decision-making

«Youth Initiative» was set up on the federal principle. The main membership of the organization – the students of all the regions of Belarus, living in Minsk (active staff of 5-10 people + passive staff of 15-20 people). There are local offices of the organization in every regional centre, except Mogilev, composed of the active staff of 3-5 people + passive staff of 5-10 people. The specificity and the advantage of «Youth Initiative» is that every year the regional structures are replenished with former students returning to the permanent residence after their studies. Thus, the number of regional associates (in addition to those who are already involved) is constantly increasing. Furthermore, they often know each other, what makes easier interregional contacts, forms the basis of the team unity and contributes to the best search of solutions. ? 1. Summary of statute in English ? 2. certificate of state registration of Youth Public Association (registering authority: Department of Justice of Minsk City Council), Scanned copy of the first and the last page of the official version of the Statute in native language (signed and stamped by the registering authority)
