ACCEPT THE RHYTHM

“*Accept the rhythm*” Is **Training course** which promotes tolerance among young people from different cultures. TC will involve **27 social workers** and **youth leaders** who are working with young people with fewer opportunities in post conflict countries (refugees, migrants, asylum seekers)

Training course will deal with the importance of **reconciliation** and **peacebuilding** process, stimulating the sense of **solidarity** and promoting the **intercultural dialogue**.

The project will focus on different topics as well as will propose to the participants different methodologies that can be used in order to work on the topics of the projects. The project will mostly focus on art, in particular, **theatre**, as one of the most effective tools that can be used in this context.

We want to strengthen the ancient links between music, movement and human being, proposing the use of theatre art as a way to promote the sense of cohesion among EU citizens and upcoming migrants, asylum seekers.

PARTICIPANTS

27 youth/social workers **aged 18+** from **9 countries**, working with people with fewer opportunities (migrants, asylum seekers, refugees)

VENUE

Small village - **Herľany**, is located in the **East part of Slovakia**. We have chosen this place because the location is in the middle of the nature, what creates a natural space for deeper reflection.

METHODS

Theatre is an expressive language that allows us to communicate (both at the individual and collective levels) feelings, to live experiences and reflections about the world. It also represents our identity and our roots.

This project will raise awareness about the situation of modern youngsters in post conflict countries, enhance the spirit of cooperation among EU and partnership countries and overcome the cultural barriers.

FINANCIAL ASPECTS

Project will cover **100%** of **accommodation** and **material costs** during the training course and follow- up activities days.

Traveling costs will be covered due to the Erasmus+ distance calculator
