The municipality of Cesano Boscone is looking for a partner town with whom to organize a Town twinning project. With this project we aim to go beyond the old fashioned image of town twinning in order to establish and strengthen cooperation and learn from each other, particularly in the field of active participation of youth in our local community.

The cooperation shall take the form of a **youth exchange** (a visit of a group of young people between 18 and 25 years old, for approximately one week) or shall consist in a programme of activities which may involve **children** from our local schools (we could imagine a competition in order to create a Twinning Logo and a Penpal project). We would like to pay particular attention to the choice of participants (willing volunteers).
