Integral services

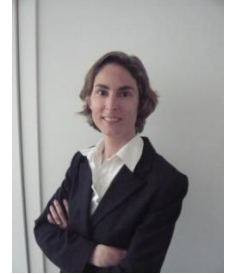

Founder

North American Citizen.

Economic Bachelor from the University of Valencia, Spain.

Double diploma with Euromed Management School in Marseille, France.

Executive Masters in Financial Management from EADA School, Barcelona (Spain).

I started my professional career in Salustro Reydel in Paris (France), as Financial Audit .The audited clients were Intermarché Group, Vivendi Group, Eiffage Construction Group. Afterwards, I got into Thomson Multimedia as European Financial Analyst at the European Headquarters in Paris.

I worked as Human Resources Consultant for financial positions in Michael Page Spain in Barcelona. Aguirre Newman opened the door of its Corporate Real Estate Department as Profitability Analysis Consultant.

During my last years in Valencia, I have been working as Controller, Financial Manager and Project Manager in the Construction, metal and educational fields.

Along my career, I have participated in Joint Venture processes, internal controlling , evaluation and optimization of the staff performance, always with the common target of the optimisation and cost reduction.

The international slope has always been present along my professional path, being active in projects linked with the Sarbanes-Oxley law, European Commission innovation funds projects . I introduced Ferrer Group to the Valencian Chamber of Commerce Program of Export Initiation.

For the last 4 years, I have been **Project Manager**, focused in funds projects, either European, National or Regional ones. I have collaborated with different entities concerning Projects Life Long Learning Programme (**Erasmus+**-European Commission), **Interreg** (EC), **Life+** (EU), **Planes de Competitividad** (regional-IVACE), **Plan de Reindustrialización** (MICINN). I have been European Projects **EVALUATOR**

I speak English, French and Spanish.
