

CALL FOR PARTNERS

CONTACT MAKING SEMINAR FOR TRAINERS

January
2018

Erasmus+

In this seminar we will collect trainers from different organisations to debate important issues related to Training Courses' content and context in Erasmus+ programme framework.

WHAT

can you expect

- 😊 A 5 days contact making seminar aiming to improve the quality of Erasmus+ Training Courses;
- 😊 A program which will involve the participants to share and discuss good practices and challenges experienced during trainings (related with training planning and implementation and debating problems faced during these processes);
- 😊 Improve your skills as a trainer;
- 😊 Work on common future projects and develop partnerships.

Goals

The seminar is based on **Non-formal education methods** and **in learning by doing**. We will actively and together:

- 📦 Share educational methods, ideas and tricks;
- 📦 Learn how to communicate efficiently in the group (power of TC content);
- 📦 Discuss how to improve professional development of trainers;
- 📦 Develop intercultural competence;
- 📦 Discuss training as a way to promote tolerance and respect toward all.

Participants' profile

Apply now

In order to maximize the results and conclusions, the seminar must collect trainers with some experience. This means:

- 😊 Trainers with already some experience in implementation of trainings within the field of Non-Formal Education and Youth in Action/ Erasmus+ Programme (min. 2 training courses developed), clear open to share their experience and open to learn more with the group.
- 😊 Trainers who want to develop their competences as trainers and want to extend their knowledge to European level.

* Send us your organisation PIF to:
madr.arenaiswiat@gmail.com

* Fulfill the survey online - **Mandatory**
