

JOB GPS

CALL FOR PARTNERS

Pro Dezvoltare DACIA Association (APDD) is a nonprofit and nonpolitical organization, founded in 2016 that has as main purpose to support the development of responsible and active communities in terms of education, social issues, economy, culture and ecology by:

- Promoting interregional, national and transnational cooperation on the topic of European youth mobility and volunteering support;
- Establishing partnerships and implementing projects to support labor market insertion for different categories of disadvantaged persons;
- Promoting the values related to the equality of opportunity and supporting the fight against social exclusion of people from groups at high risk of social marginalization.

APDD Romania seeks 4 partner organizations for a mobility project - Youth Exchange - 8 days - in Romania, focused on improving the skills and knowledge needed to increase employment chances for a total of 30 young people with fewer opportunities (6 young people between 16 to 23 years from each country, including 1 group leader).

Project summary:

Job GPS is a youth exchange KA1 Mobility whose application will be submitted in February 2017 deadline. It aims to bring together participants from Europe, thus becoming a valuable learning opportunity by sharing experiences, ideas and ways of working that encourage and increase the chance of labor market integration of young people with fewer opportunities. The project also encourages self-employment through activities that reveal entrepreneurship motivation. with particular attention being paid to traditional crafts. Also, by involving young people in all activities, the project aims to reduce disaffection and social exclusion.

If you are part of an organization that works with young people with fewer opportunities who face problems entering the labor market and want to collaborate in this regard, please contact us at: apddacia@yahoo.com

Arapalea Cătălin, President of APDD
