

Together with refugees

TOGETHER

RESPECT, SAFETY AND DIGNITY FOR ALL

Coordinator

YES organizes events and projects in the field of Youth, Education and Science. Our team works with youngsters from rural areas and vulnerable households for supporting their social and economical activities. We organize trainings, seminars, conference, fairs, exhibitions, e-activities on various topics.

We are partner of UNHCR Azerbaijan for managing Refugee Women and Youth Center. Center has several objectives:

- Supporting refugees' integration to the local communities;
- Supporting refugees with educational activities, courses, tours and meetings;
- Providing opportunity for refugees to share their vision and ideas on several issues;
- Organizing Focus Group Discussion on topics related to the problems of the refugees;
- Working with community leaders for defining crucial problems of the communities;
- Supporting mothers with kids during the courses with help of kid's corner;
- Providing opportunity for refugees to read at the center's library or borrow books;
- Organizing fairs and exhibitions for giving opportunity to women to sell their hand-made products.

Project description

Project is planned for the organizations which work actively with refugees and/or asylum seekers. Nowadays refugee and migration topic is the most important for many stakeholders worldwide. NGOs and companies also started to prepare programs for refugees. The main aim behind this project is preparation of work plan for partner organizations how to work better with refugees; helping refugees in their socio-economic lives; supporting refugees to be useful in the local communities and increasing their integration to the local people. The project will be in work shop format for 7 days and will involve youth workers from partner organizations. It will have several tools of methodologies.

Methodology contains tools as Focus Group Discussions, trainings, role plays, debates, study visits, discussions with refugees, meetings with refugees from vulnerable families and etc. Participation of the partner organizations will strengthen the content of the project, share knowledge and experience, have peer to peer tools, and develop the sustainable work with refugees' socio-economic activities. During the project meeting with refugees from various communities will be organized to be more informed about real situations of the refugees and asylum seekers.

Project objectives

- Preparation of the plan for supporting refugees' activities in the partners countries;
- Discussion of the same and different problems of refugees in partner countries;
- Having a sustainable plans for refugees to implement their ideas on socio-economic topics;
- Developing opportunities for refugees to share their abilities.
