

RI-PULIAMOCI

ABOUT US

Ri-puliamoci is a *young association* composed of *young people* between 24 and 28 years old.

The word “**Ri-puliamoci**” is a pun that can be roughly translated in English as “**Let’s clean up**”.

HISTORY

In the late Summer of 2015, a *group of friends* decided to undertake a little but **concrete action** in order to *improve* the town they lived in:

cleaning up a public area, voluntarily and with the help of whoever wanted to be involved.

HISTORY

About **40 people** took part in our first event!

HISTORY

The **group** grew bigger and stronger, and we kept on organizing *clean-ups* as well as *other activities*.

Eventually, we decided to *become an association*:
on **29th January 2016** we officially gave birth to

   **RI-PULIAMOCI**   

WHERE WE ARE

We are based in
Altamura, a town
of *70.000 people*
located in **Apulia**,
a region in the
South East of **Italy**.

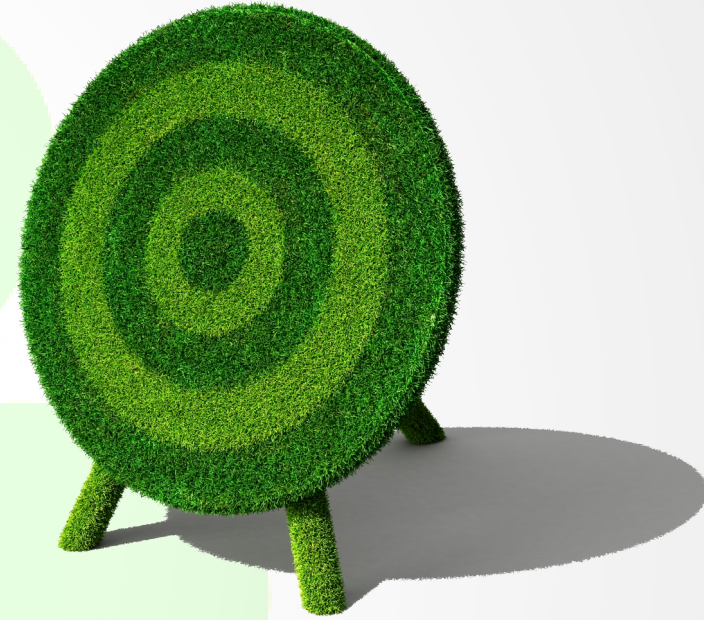

VISION & MISSION

We believe in the possibility of a **better world**, where people prefer to be *actively involved* instead of just *placing blames and do nothing*.

Our **Mission** is to awaken people's consciences in order to make it real, planting the seeds for change and starting a **revolution from below**.

AIM & OBJECTIVES

Our **aim** is to *inform* and *raise awareness* so that we – both as individuals and as a society – can embrace a **sustainable lifestyle**.

We also want to *rediscover* the values of **respecting the Earth** and **communing with Nature**.

AIM & OBJECTIVES

Our **objectives** are:

- ❖ To *preserve and develop* **urban green areas**
- ❖ To *take care of* **public spaces**, especially those addressed to young people
- ❖ To *get people involved*, developing the sense of *being a community* and **active citizenship**
- ❖ To foster **green ideas** and *share best practices*
