Outlook for 2018

Most of the above mentioned projects will continue – in most of the cases slightly changed and adapted to the actual situation – in 2018.

In addition, for 2018 new projects in Armenia, Belarus, Germany, Greece, Italy, Kosovo and Poland in the fields of archaeology, traditional rural heritage, revitalisation of abandoned heritage, restoration of historical gardens and maintenance of natural heritage are in preparation as well as two cross-border projects.

Beside that ideas for projects in 2018 resp. 2019 in other than the above mentioned countries are under discussion.
