BACKGROUND AND EXPERIENCE

Please briefly present the partner organisation (e.g. its type, size, scope of work, areas of specific expertise, specific social context and, if relevant, the quality system used).

Europe For All is a Vocational Training Center that operates throughout the Italian territory and around Europe. It was founded in 2010 by a group of young people with a consolidated experience in the field of transnational training. The main purpose of the association is to stimulate an exchange between the different European cultures in order to encourage the professional and personal growth of each European individual.

EUROPE FOR ALL was founded to promote educational and training programs, both at European and International level, aiming to develop skills, human resources and improving the labor market. EUROPE FOR ALL through the constant commitment of all the members of the association encourages intercultural exchanges, improves the educational and vocational system through a variety of activities in order to strengthen the European dimension.

Thanks to a long experience in the educational and vocational field, EUROPE FOR ALL promotes different vocational education projects internationally, covering various duties as a trainer, hosting and sending institution. In this context, EUROPE FOR ALL helps young people to be aware of and ready to the changes in the labor market, to be more flexible and above all more competitive by giving them the possibility of improving their language skills, their professional abilities as well as personal.

We also promote European opportunities and learning through experience, learning by doing, networking and exchange. We believe in multilingualism, human rights and mentoring as a set of practices for inclusion and attention to those who suffer socio-economic, geographic and psycho-physical disadvantages. Since 2010 we have managed a great number of European educational programs for participants of all ages with remarkable results.

Europe for All organizes training courses in many areas. Each training course is divided in both theoretical and practical hours. The courses are dedicated at all students and also to the staff members of European Organizations as Schools, Universities, VET Organizations, NGO's, Associations, Enterprises. We also provide training courses for educational staff (teaching and non-teaching) such as school teachers, Higher Education professors, leaders, administrators, coordinators, youth workers and other staff members.

What are the activities and experience of your organisation in the areas relevant for this application?

EUROPE FOR ALL promotes European opportunities and learning through experience, learning by doing, networking and exchange. We believe in multilingualism, human rights and mentoring as a set of practices for inclusion and attention to those who suffer socio-economic, geographic and psycho-physical disadvantages. Since 2010 we have managed a great number of European educational programs for participants of all ages with remarkable results.

Together with the applicant to the project, EUROPE FOR ALL chose well-known qualified companies according to the participant's profile and the project's objective. Each company is already part of our association's database, previously selected by a dedicated staff member who evaluated them on the basis of: quality and procedure of the services offered, professionalism and amount of work the companies can manage.

Following the selected companies for this particular project, where the apprentice will do his/her internship:

Thanks to its planning channels and the different work experiences that its staff has, EUROPE FOR ALL is also working in the role of coordinator organization in many EU projects, taking care of the smallest aspects. The competences of the association in this field are:

- The diffusion of the announcement through the usual channels of information: information plaques, publication in periodicals and newspapers of regional circulation.
- Collaboration for the selection of participants.
- Dissemination of results through seminars, conferences, and media.
- Monitoring of the training for each participant during the period of stay in the host country.
- At the participants return it will be organized a reintegration plan with an experienced staff specialized in sociology.
- Realization of an accurate assessment in order to verify the educational and training level of growth of participants, by way of individual interviews.
- Distribution, through its information channels and not only, of the participants' CV with the intent to promote employment.
- Drafting of contracts, agreements and protocols with the entire partnership network, as a guarantee to maintain commitments

Please give information on the key staff/persons involved in this application and on the competences and previous experience that they will bring to the project.

The mobility project will be managed by the following staff members:
