Project Description

“Learning Volunteering on Dairy Farms” is a project based on awareness raising about EU common agriculture policy and volunteering on farms in context with European year of volunteering.

During the exchange, a week with young participants and their group leaders from different parts of Europe, participants will involve themselves in raising awareness activities in the city of Aydin and nearby villages such as, visiting dairy farms, helping the work there, milking cows, maintenance of dairy farms, running milk campaigns, visiting elementary schools, home for orphans and distributing milk to children there,

¹ EU Member Countries

² Iceland, Switzerland, Norway, Lichtenstein, former Yugoslav Republic of Macedonia, Turkey.

³ Albania, Bosnia Herzegovina, Kosova, Montenegro, Serbia, Armenia, Azerbaijan, Belarus, Georgia, Moldova, Territory of Ukrainea recognised by international law, Russian Federation, Algeria, Egypt, Israel, Jordan, Lebanon, Palestine, Syria, Tunisia

sharing the best practices in their countries concerning agriculture and health and discuss EU policies of youth and agricultural, plus NGO fair, intercultural night party, cow beauty contest, sightseeing and visiting to Ephesus and Kusadasi, organizing panel at Adnan Menderes University Agricultural Faculty.

It is expected that this project will enable participants will also empower their ability to influence local people and create difference, increase their knowledge on both volunteering at rural areas, EU agricultural policies, learn from each other, get acquainted with Turkish- Aegean culture.

Project Leader is Cattle Breeders' Association of Aydin. Other supporters are Municipality of Aydin and Milk Producers' Association of Aydin.

The project's results will be spread not only through participants and NGO's, but also through other partner farms. These results will be used to plan and execute new project or projects.

Learning Objectives and Working Methods

The project simply aims to raise awareness on youth mainstreaming in EU common agriculture policy and volunteer work at dairy farms.

The actions proposed in the project will enable participants to learn:

- EU Common Agriculture Policy;
- Volunteering at dairy farms, producing dairy products like yogurt
- Transmitting knowledge and project outcomes to children,
- Encouraging children, youth and local people for volunteering
- Have information about agricultural issues
- To get acquainted with local media and involve, deliberate speech at the press conference;
- To transmit and share the knowledge with other people from different countries and cultures.

The project will be based on non-formal education and participatory approach. Learning is based on activities that allow to implement a non-formal education strategy that includes non-formal learning objectives related to the themes. All activities are directly related to the goals, through a participatory approach, the contextualization of concepts, skills enhancement, the development of ability. In particular, during the exchange will be development activities related to group working, reflection group, presentation skills, communication with local people and local administrations, campaigning, multimedia, creativity development, sustainable agricultural policies, sightseeing, partying☺
