

Vision Action

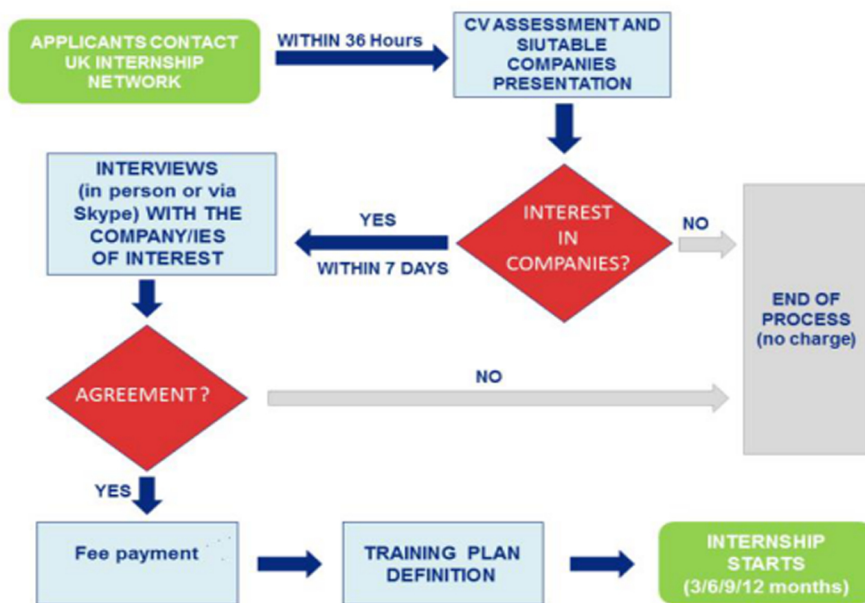

The best way to start your professional career

The UK Internship Network brings together the experience of many international business advisers operating in UK in different sectors: ICT, engineering, finance, media, legal, etc.. An internship in UK can help you build up your professional profiles coherently with the needs of the modern labour market:

- *Practical experience in areas that match your university background;
- *Good English language skill;
- *Knowledge of the most advanced working practices and methodologies;
- *Working in multicultural environments.

The service is addressed to the following categories:

- *Graduates and undergraduates in all disciplines interested in improving their English level and looking for a work experience in the UK;
- *Young entrepreneurs willing to acquire new linguistic and management skills.

Application Process:

1. WE RECEIVE AND EXAMINE YOUR APPLICATION
2. ORGANISE A SKYPE INTERVIEW
3. WE FIND YOU A PLACEMENT
4. INTRODUCTION TO INTERNSHIPS

Plus, the CCE also have good services for you

- Skype pre-placement interview with experienced CCE staff
- Internship within a suitable organization
- Dedicated Internship Coordinator & Student Services Manager
- Full support during your placement
- Access to CCE discounted tickets and events
