# **Dates of the project:**

Arrivals: 12.5.2018 Before 18.00 Departures: 20.5.2018 After 09.00

#### Venue:

Tokat, Turkey (Arrivals in Tokat autobus terminal or nearest airport called "Sivas Nuri Demirağ Airport")

# **Project Idea:**

Young Entrepreneurs From Orphanage Youth Group will bring 32 volunteers/Youth workers/young people together in order to focus on entrepreneurship and orphanage systems. Also it is aimed that develop social entrepreneurship for implemented by orphans and young people.

# **The Project:**

" Entrepreneurship vs Orphans 1.0 : Baby Steps " is an Erasmus+ Youth Exchange which will take place in Tokat/Turkey between 12 - 20 May 2018 organised by an informal group which called " Young Entrepreneurs From Orphanage Youth Group".

6 Partners organisation (from Turkey, Romania, Bulgaria, Croatia, Serbia and Spain) will take part in this project.

The reason why we do this Project is; Hundreds of young people leave the orphanages and try to make a living in Turkey every year. According to Social Services Law Article (2828) of Republic of Turkey, young people who have lived in the orphanages are employed at public bodies. Thus these people prefer to be employed this way instead of being entrepreneurs themselves.

The education programs in Turkey and Europe are insufficient with regard to making these people entrepreneurs. While struggling with unemployment, the new generation is not confident enough to turn their ideas into an enterprise.

Knowledge is power and this power is the key to shaping young people's future.

Project EVSO1.0 (Entrepreneurship vs Orphans 1.0: Baby Steps) aims to inform primarily the young people living in orphanages about entrepreneurship and social entrepreneurship. The project also aims to motive young people living in orphanages to be entrepreneurs.

# **Objectives:**

- 1. To break down the prejudices about Turkey and young people who have stayed orphanages.
- 2. To prevent to hinder realizing orphans' entrepreneurship ideas caused by right given to be a government official by Social Services Law Article (2828).

- 3. To be acknowledged about entrepreneurship deeply by participants.
- 4. To discover differences and similarities between social entrepreneurship and entrepreneurship.
- 5. To provide using ICT tools effectively for social entrepreneurship and entrepreneurship.
- 6. To determine what kind of legislative actions have to be taken about entrepreneurship to encourage orphans.
- 7. To provide an environment based on respect and tolerance for team work.
- 8. To improve participants' competences.
- 9. To increase participants' creativity skill.
- 10. To create network for upcoming projects.
- 11. To equip orphans a vision and with this vision, provide 'baby steps' in order to shape their future by themselves.
- 12. To get informed about entrepreneurship politics applied in different countries, determine different approaches and discuss this politics if they are applicable in other countries.

#### Working Language:

The language of training course will be only English but the languages of outdoor activities which will be used are English and Turkish (sometimes separated, sometimes together). Cooperation and linguistic solidarity between Turkish and English will be a major challenge during the activity. Turkish team will be always with participants to help translate.

### **Methodology:**

The overall methodology for this activity will be entirely based on the principles of non formal education such as exercises, games, group dynamics, work in plenary and in subgroups peer support, presentation, brainstorming and self- directed learning, among others. Linguistic cooperation and solidarity will also be put forward throughout the days.

### **Profile of participants:**

# **Activity Working Groups;**

12-20 MAY 201

**1. First step to creativity and entrepreneurship.** participants will be informed about entrepreneurship. Also to facilitate their creativity, participants will divide groups and work as group.

**2.** Second step to understand differences between entrepreneurship and social entrepreneurship. In this session, videos will be shown in order to distinguish What's what. Also there will be a workshop for taking notes differences and similarities between entrepreneurship and social entrepreneurship.

**3. Third Step to 'Canvas' Social Entreprise Steps.** For being entrepreneur, Canvas, that is work plan model, will be presented. All steps of Canvas (key partners, Key activities, Value Provided, Customer Relationship, Customers, Key Resources, Channels, Costs, Revenue and Benefits) will be explained

**4. Fourth step to challenges out front entrepreneurship**. In this activity, we will focus on two different topic. Firstly, we will try to focus on general challenges for both young entrepreneurs and young people from orphanages. Secondly, we will focus on challenges for young entrepreneurs from orphanages. As you know, staying at orphanages bring some handicaps out front young orphans.

**5. Fifth step to technology behind entrepreneurship.** In order to explain some basic ICT (Information and communication technologies), we will use those (e.g. trello, piktochart, prezi) tools. Also we will mention about how entrepreneurs could use those tools for making their entreprise effective.

**6. Sixth step to develop new module of entrepreneurship.** Participants will try to develop new modelu for entrepreneurs who stay at orphanages. Basically, participants will focus on the ages of entrepreneur and which ages will need what kind of competences. This module will help and guide young orphans to be entrepreneur.

**7. Seventh step to entrepreneurship approaches in different countries.** Every partner countries will mention about their countries approaches about entrepreneurship. Participants will use presentation for this session.

8. Eighth step to develop projects idea. Participants will try to develop project ideas via using ICT tools and Canvas.

#### **Reimbursement of travel cost:**

Pease, read very carefully the following information in order to facilitate our work and for you to have a pleasant travel and stay

#### What is important?

- Reimbursement of travel costs will only be done upon presentation of all (including return tickets)

Original tickets (having route and dates)

Receipt/invoices (having stamp and signature)

- Boarding passes/cards and baggage receipts.

Travel stamps (that you get at the passport control)

- This means that immediately getting home after the training, you will be requested to send us the originals of all return documents and boarding passes or online check-in is also welcomed.

- Please remember to bring the original invoice with you – there will be no reimbursement without the original invoice.

- Do not lose the boarding pass that will be given to you at the check-in desk in the airport. Boarding pass is required for having an evidence for your flight.

- Reimbursement will be done in EUROS, regardless of the currency indicated on your ticket and receipt/invoice. If you bought your ticket in a local currency other than EURO, we will calculate your travel costs according to the exchange rate of the month of your ticket purchase.

- Please check information above for the travel budget limits. You will be reimbursed on the realistic price of the tickets. Not all limit. If your travel costs exceed the amount budgeted in the project, we will only be able to reimburse you the costs indicated in the travel budget. You are strongly advised to book your travel well in advance.

- All tickets must be in economic class

-Please take a copy of your current passport's related pages which is seen your name, surname, passport number, validation, photo of you etc. (after passport control, we will take a copy of your passport in project place.)

- Finally, please make copies (or even better, scan or take photographs) of your tickets and

invoices and email these to basturkatila@gmail.com before you come to the training. This will be very helpful to organizers to begin processing the financial and reimbursement data.

#### Visa:

Turkey is not in the EU **yet** so please bring along your passport.

There is a need for visas for some countries citizens. But EU and Serbian citizens are not needed visa for entering Turkey. If you think opposite way and you need visa, please contact with us.

#### **Transport:**

Venue of the project is Tokat Province. However, there is only one airport which is not in the city, it is near the city (Sivas Nuri Demirağ Airport). But you could choose to ground Ankara first (Esenboğa Airport) after that you could take bus (It takes around 6 hours to reach Tokat from Ankara).

Please consider that your tickets must be bought from your hometown to Ankara. Don't forget that before taking your tickets, council us about your route.

#### If you want to buy it from a travel agency, please get these documents:

- Electronic ticket (having route and dates);
- Invoice (faktura or similar one, having stamp and signature);
- Boarding passes/cards and baggage receipts;

We need your tickets and boarding cards for reimbursement. We can't pay who hasn't original tickets and boarding cards. Your tickets should have sign and stamp, otherwise we can't accept electronic tickets, please ask from your travel agency to stamp and sign them. It would be better if your tickets are euro, otherwise we will get lost in calculating the exchange rates.

All tickets must be in economic class.
