

International Youth Hosting Project Toulouse

Creation of an international musical LIP-DUP against global warming

October - November 2018

As we let our light shine, we
unconsciously give other people
permission to do the same.

Young Toulouse in meeting-preparation of a project.

1

Presentation of the hosting association Solidarité Jeunesse Internationale (International Youth Solidarity)

SJI was created in 2004, by a collective of people living in the district of «La Faourette» in Toulouse, France who wanted to set up a structure of hosting of young people and make actions with themes.

The structure's goals is to be close to the youth according to needs and expectations. To offer youth culture, art, training and education through sport, to open this young people to the world.

Our role is to be present in the district, to create social link, to enroll young people to be involved in the community life in their city, in their country.

Eco citizenship project in neighborhoods every summer

2

The international hosting project in Toulouse

From October 27 to November 3, 2018, 12 young people from «La Faourette» Toulouse, will be hosting 50 young people from 13 to 17 years old from different horizons, from all over the world and the country, to meet around workshops and reflections moments, with movies about global warming so they can exchange about this.

Each group will make a topic about the actions they have set up against global warming.

The purpose of this exchange is also to provide host's young people to discover activities, leisure and play activities, meeting times between all young people, visiting the historical sites, discover the multicultural and sporting interest sites.

3

Creation of a LIP-DUP during the hosting

Creation of LIP-DUP

Created in the late 2000s, the LIP DUP refers to a movement of the lips or dubbing of the lips, which allows the actors to playback on a pre-existing soundtrack. The original style consists of a long sequence shot where the camera moves with the actor(s). There are multiple plans or / fixed one.

It can be used to create cohesion between the participants.

Creation of LIP-DUP

At first, young people in each city must present a video of their city and neighborhood, to show us their spaces of life and discover them together, with times of exchange.

In a second step, during their stay, the groups of young guests as well as the young people from Toulouse, will ALL TOGETHER to realize a LIP-DUP with the help of Mr MALESKEVITCH, technical adviser to the Regional and Departmental Direction of the Youth and the Social Cohesion of Haute Garonne and director, active partner of our project.

This LIP-DUP ALL TOGETHER to preserve the planet, will be the universal message and the stooge, realized by a group of young people, ambassador of a citizen message, in order to continue this noble investment.

4 Goals

Awareness and research on themes

Encourage young people's initiatives

Engage youth to take initiatives

Set up meeting times with young people

Helping young people to be mobile, involved and responsible

Develop the participatory approach of young people

Create a local dynamic of young people project's leaders

Presentation meeting-workshop writing to young people

5

Human resources

1 project manager

2 animators for the writing workshop, music, photos and video

1 technician movie director and technical advisor DRDJCS

1 animator during the presentations of the video works and debates

12 young volunteers for the management of the invited groups.

Young Toulouse people discovering Naples-Italy

6

Materials means

A meeting room located at the head office

Cultural workshops

2 laptops for Internet searches

Individual course notebooks

The gymnasium of «La Faourette» for indoor football workshop and relaxation moments

Performance hall at the «Centre Culturel Desbals» (Desbals Cultural Center)

Amphitheater room

«Maison de la diversité et laïcité» (House of diversity and secularism)

Three minibus-hire, transport-mobility groups

Work meeting with Vanessa journalist on ecology

7

Institutional partners

The material and financial support for our specific action will be realized through the various contacts made throughout the year, with the technical advisers.
Regarding the financial support, it will be part of a «Droit commun» (common law) application, because the funding we receive in the context of the city's policy concerns only the YOUTH ACTIONS device which is the flagship project renewed each year.

Meeting at Météo-France with climatologist and young people

10

Finality

The result of these general workshops, which will be spent during the all year long, reception and assessment including, will enable the various groups of young people hosted in Toulouse to conduct thematic workshop, creative and innovative initiatives in their living spaces life and understand the effects of global warming for young people, so that they can understand they have an impact and role, they are engaged actors, responsible and they can transmit those values of life.

Neighborhood governance and young people speaking about global warming

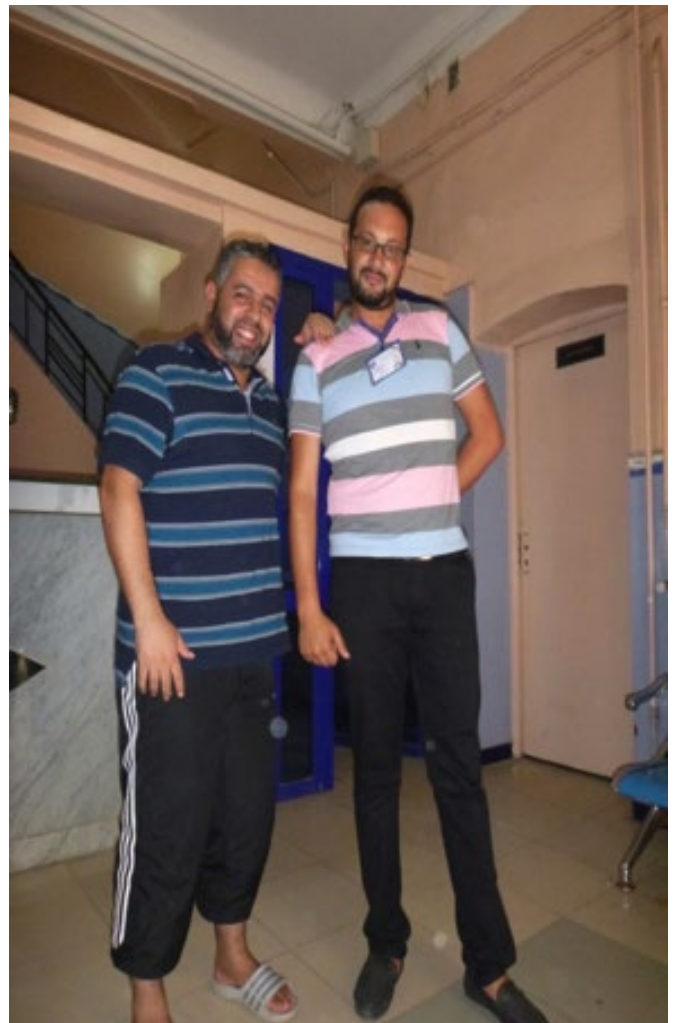

A crush for the local relays from Mostaganem

They are three generous volunteers from the city of Mostaganem, Algeria, they will have to set up, not only a program of awareness for environment respect, but also, through video, to present their humanitarian actions in West Algeria in connection with our association Toulouse for 15 years, as a local relay. This encouragement they bring, to help the poor, deserves a big wink and our respect.

Who support and actively participate in the solidarity actions we are conducting jointly in Algeria.

Mr Senouci-Abdenebi

Mr Benbiou Mr Belmahieddine
