How we are ?

Bubinga Agency was established by the end of 2010 as the next career step after the owner working several years in the field as free lancers and achieving a lot on both the commercial and the cultural fronts.

We at *Bubinga* strongly focus on pursuing a high standard of professionalism as well as improving the feasibility of events production with guaranteed promotional output that enhances the synergy of all the parties involved as well as adding individually to each experience and mission we embark on.

Cultural Vision :

One of our Aims is to be the official professional gate for the intellectuals and artists to the market as we feel its part of our responsibility to support their sustainability furthermore leading our client attention to the art scene besides encourage them to establish Csr Department .

الغسالة

The washing machine street festival

The second purpose is to show the audience the capability of the Art to create bridges of **dialogue** and free expressing plus opening a Space for participation and communication Furthermore reaching a Different Audience who are going to confirm upon gaining their trust that the Diverse independent Art Does Belong .

The choice behind The washing machine AKA El Ghasala As name of our street festival carry two purposes the first one is the Demand for washing machine to clean the corruption , the Fossilized mentalities and The intended Disconnection which left after the regime in addition to Support the social peaceful civilized clash against some ideologies that prohibit Art and liberality .

The Revolutionary Experiment

Culturally rich

We met the band in 2011 and we offered them our support as part of our artist management free service and suddenly it appeared to one of the best cooperation we have done .

Through cooperating for 3 years we have created almost complete cultural product that includes

1.Band first Audio – visual production
