Give classes

Artistic Synergy

Map with us

Receive classes

Work with us

Bringing together artists, communities, projects, learners & travelers to transmit their knowledge related to art and languages. Interact, share, co-create, learn and have an extra income.

GIVE CLASSES & ARTISTIC SYNERGIES

RECEIVE CLASSES & COCREATE

Worldwide network for Cultural Preservation & Ecosocial Action

ATAEC is a data base of artists, projects & communities related to cultural practices, art & autochthonous languages. A space for artists to transmit their knowledge, preserve their culture, interact, share, co-create and have an extra income.

We have 3 type of users:

GIVE CLASSES & ARTISTIC SYNERGIES

A profile with the Type of art, experience & interests

Contact details
Location - Phone - E-mail - Adresse

A description of the classes
(optional information)
Objectives - Hours - Price

Share, teach, preserve & cocreate

MAP WITH US

With the MAPPING account users can register artists, communities & projects to the database of the site.

Will have free acces to the membership:

Receive Classes

Artistic Synergy

RECEIVE CLASSES

A membership to access to the contact details of the

Artists, Communities & Projects

Travel, visit them, learn, receive classes & cocreate

AFRICA

AMERICA

ASIA

EUROPE

OCEANIA

The funds of ATAEC go to the Ecosocial Action network.
A space based on a Solidarity Economy model for cooperation and subvention of projects related to

Cultural Preservation

Comunitarian Action

Art

Sustainable Economy Models

ECOSOCIAL ACTION

Projects of artistic, ecological and social benefit can have a profile with their needs and actions in order to get

Financial support & cooperation from the association, different users and organizations

The funds of ATAEC are used in this space

TAKE PART

SOLIDARITY ECONOMY

It's a channel for ecosocial investment based on a transparent economy model

Choose where and how you want to participate

Art, Society & Nature

Individual and collective support, conscious, balanced and eco-active

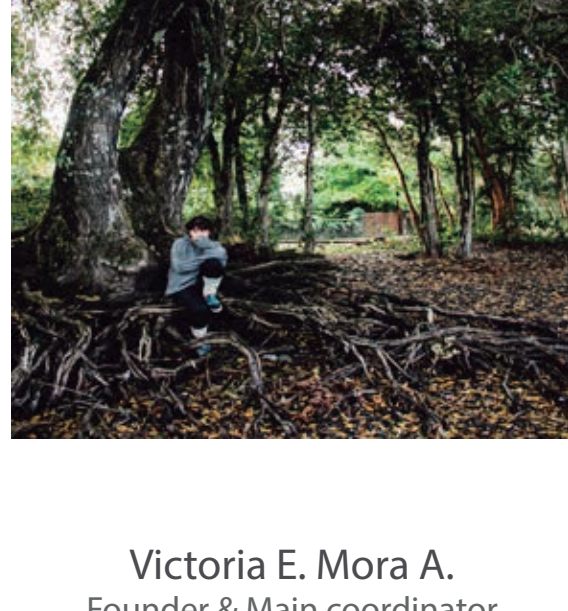

INVEST

Collective Behavior

Each person should be honest, respectful and supportive on personal and collective exchange. Action related to common benefit, non- violence communication, constructive and supportive and objections reasonable

We are all responsible to be lovekind to the environment and nature
