

EDI

**European Development
Institute**

Sustainable
Development

Entrepreneurship &
Startups

Future Techs

Who are we

EDI is based in Brussels and carries out its activities by bringing 15 different institutions and 20 experts from Europe and neighbor countries together. EDI's activities are focused in three main categories with its experienced experts and institutional partnerships.

- ✓ Sustainable Development
- ✓ Entrepreneurship and Startups
- ✓ Future Techs

“The main purpose of EDI – European Development Institute is to contribute The United Nations’ Millennium Development Goals and the EU’s 2030 Agenda for Sustainable Development in the light of an innovative, sustainable and multi-cultural approach.”

Erasmus+, Horizon, Cosme and More Partnership

EDI contributes to many international projects (<http://eudi.eu/project/>) as a partner institution particularly in EU funded programs such as; Erasmus+ Strategic Partnerships(Youth, Vocational Training, Higher Education, School Education, Adult Training), Cosme and Horizon.

EDI and its experienced experts (<http://eudi.eu/team/>) carries out studies particularly in Sustainable Development, Future Tech, Entrepreneurship and Startups and in the fields below within several projects.

- ✓ Preparation of research reports (within the scope of study fields)
- ✓ Development of innovative training and activity programs, production of content, and implementing trainings / activities (non-formal education, STEM, vocational training programs and tools production, career development, employment and guidance programs, soft skills development programs, innovative entrepreneurship and acceleration programs)
- ✓ Development of Strategic Plan, Business Plan, Project Process Plans (Communication Plan, Dissemination Plan, Quality Management Plan, Monitoring and Evaluation, Sustainability and Dissemination Plans)
- ✓ Innovative software, online learning, IOT, virtual reality, renewable energy sources, aeronautics studies.
- ✓ Sustainability and dissemination activities (events, summits, access to Brussels based EU units and decision-makers, organizing general dissemination activities in EU thanks to the European Development Network)
