

Created at the end of 2015, the Association Odyssée is committed to defend its values:

CULTURAL DIVERSITY
TOLERANCE
WORLDWIDE AND
EUROPEAN
CITIZENSHIP

Areas of activities:

Youth activities

French language stays
European cooperation

YOUTH ACTIVITIES

"Meeting the others and oneself"

- Intercultural activities

We give the opportunity to young people from near and far to meet, exchange and learn from another's experiences.

"Let's exchange, talk together !"

- Cultural and linguistic workshops

Because we believe a foreign language practice applied to daily life situations is highly valuable, we prefer collective workshops and play outdoor activities.

We organize tours in Bordeaux as they are an interactive way to discover the city, exchange with the inhabitants and to break down the language barriers.

EUROPEAN COOPERATION

"A look from here and elsewhere: exchange and compare your practices"

The Association Odyssée is involved with several European partners to :

- Promote and facilitate the European mobility of different audiences fostering **openmindedness, tolerance, interpersonal skills development and employability.**
- Strengthen the **cooperation between actors** at European and local levels, for a better understanding and collaboration.
- Promote the exchanges between **formal and informal education**, for a better response to the diversity of citizens

BORD'ODYSSÉE LANGUAGE STAYS

Our French language stays Bord'Odyssée are a perfect way for European and international students to immerse themselves in the French culture and to strengthen their language skills. Created according to our values, they are guided by themes and have pedagogical goals. They are organised in two different workshops :

- **French language workshops** which aimed at the improvement of language skills and at the development of interpersonal skills (self-confidence, collaborative work...). The pedagogical goals, the themes and the modalities are settled with the school curricula and the teachers.
- **Cultural, intercultural and sport workshops** with French young people to meet and share time.

Bord'Odyssée is supported by Cap Amoçage and the European Social Fund of the European Commission.
