# BURGOS 2021: Our Heritage, Our Future

---

**WHEN:** June 2020

**WHERE:** Burgos, Spain

**WHO:** 1 participant per country

### SUMMARY OF THE PROJECT

The project "Burgos 2021" aims at creating partnerships with European associations that work on cultural heritage, to develop educational strategies based on non-formal education methods that can enhance the awareness of the relation between art, traditions, culture and the future. Erasmus+ program has been crucial in uniting Europe and has also played a vital role in sharing and preserving our diverse cultural heritage.

The choice of deepening into this topic comes from that in 2021 the city of Burgos will celebrate the 800th anniversary of its cathedral. Anniversaries of historical, social and cultural events allow us to preserve its memory but they help, above all, to give us the awareness of where we come from and where are we going, so of who we are. Young people often do not take part on these events, because very rarely they are given the opportunity to express themselves, to learn and to be personally involved.

Understanding where we come from is an opportunity for them to define where we will go for a great and united Europe in its beautiful diversity, and that is the reason why we want to establish partnerships and work to create opportunities where youngsters can learn about their past and present to more easily project their future.

The **specific objectives** of the project would be:

- bring together organisations working with young people in order to create new project ideas, develop educational strategies based on non-formal education methods;
- identify educational strategies that can bring young people closer to art, culture and tradition;
- create atmosphere of common understanding between people representing different cultures, working styles;
- present examples of efficient and successful cooperation;
- build new partnerships;
- bring together experts and actors in the field in order to foster a tangible exchange of skills and experience from different cultural perspectives in the hopes of increasing the knowledge and abilities;
- to form linkages between all participants in order to promote future cooperative projects and exchanges involving not only the participants but also their beneficiaries;
- to complete the initial phase of cooperative project planning, and provide a communications network in order to ensure the completion of said projects.

## Participants

The idea is that each partner organisation will involve one person from its staff that have some kind of relevant role in the organisation, with decisional powers.

## Accommodation

The PBA will be held in the province of Burgos. The venue will be adequate to host the entire group.

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Transport

The way to arrive in Burgos is simple, the airport of Madrid is only two hours away from the city and it has a regular bus service. There are other airports with low cost flights like Santander, Vitoria or Bilbao. These cities are all really close to Burgos.

## BEING PARTNER

**If you would like to become partner in this PBA please send us your PIF before the 25th January 2020.**

### About BRÚJULA Intercultural

BRÚJULA Intercultural is an association created in June 2017 in the province of Burgos (Spain) with the aim to promote mobility and learning opportunities among young people in the region. This association is created by different people with extensive experience in the area.

Citizen participation, responsibility and involvement in the social, environmental, cultural and youth field are the main characteristics of the Association "BRÚJULA Intercultural".
