Background and experience

Please briefly present the partner organisation

Our association was established in 2019 by professionals and volunteers who are interested in the paradigm of learning and teaching at the service of humanity.

It is an Organisation with diverse experience in supporting people and institutions in production, research and development in areas like science, technology, industry, agriculture, energy, health, women rights and the disadvantage minority, disability and education. It is established for the purpose of creating a platform that will provide, develop, share and cooperate with both international and local organizations as well as private and public entities to contribute to social and economic growing. In cooperation with NGOs and government agencies, the organization provide material and moral support to teachers, students in order to ensure the best possible education and training in schools. We also organize activities for people with different age groups. We help them with local and international projects for our society's development.

The main scope of our activities includes developing local and international projects on enlightening people who are in formal and non-formal education, human rights, personal development, social inclusion, unemployed youth, sports, disadvantageous people and areas; cultural heritage, young entrepreneurship, environment, rural and agricultural development, voluntary actions, new technologies, difficulties in education, health problems, cultural differences, and finding solutions for youth with socio-economical and geographical obstacles. We are an organization which creates opportunities for those who want to improve themselves personally and professionally.

Our quality policy:

- Cooperating with NGOs at national and international level and developing organizational capacity
- Increasing productivity in activity fields by doing joint work with NGOs and companies
- Developing projects in different sectors for decreasing the rate of unemployment
- Building sustainable partnerships and network at local, national and international levels
- Promoting healthy life and welfare by organizing activities and exercises
- Counselor support for making organizations, projects, coaching education
- Offering opportunities for supporting self-development and international mobility of young people
- Cooperating for cultural and intercultural re-enforcement
- Promoting European values like human rights, equality and democracy
- Building local and international cooperation for educational events about business and entrepreneurship

Our values:

- We care about being innovative and entrepreneur,
 - We respect cultural values,
 - We care about quality,
 - We are open for improvement, we think innovative,
 - We are sensitive to the social problem
-
