Background and experience

Please provide a short presentation of your organisation (e.g. its type, scope of work, areas of activity and if applicable, approximate number of paid/unpaid staff, learners and members of the group)

(Max 5000 characters).

Dayuri was born with the aim of promoting social participation and value education, fostering gender equality and social inclusion. To this end, we promote the empowerment of the general population, highlighting the importance of the role played by young people in promoting a more active and committed citizenship. Our goal is to foster social change, trying to create an impact on society through different interventions and actions related to several social areas, promoting European values and enhancing personal growth through education and access to culture. We provide activities, resources, training and services to the general population, especially to young people. These services also include different mobility opportunities both at the European and international level, promoting the exchange of good practices in all areas (social, cultural and educational) and fostering transnational cooperation. We also highlight interculturalism and diversity as positive and enriching values. Another of our key objectives is to increase awareness of environmental problems, encouraging sustainability as a transversal value in each one of the activities carried out by the association.

What are the activities and experience of the organisation in the areas relevant for this project? What are the skills and/or expertise of key persons involved in this project? (Limit: 5000 characters).

The organization has a short life but it is formed by 5 professionals with great experience in social participation activities, workshops and trainings in different topics such as: gender and diversity, social issues, motivation for job search (preferably aimed at young people), youth empowerment, digital skills and social skills. We develop collaborations with different entities and participate in the creation of cooperative work spaces. The people who make up the association have experience in the management and implementation of European projects such as Erasmus+ KA1, KA2 and KA3 and local initiatives.

Concerning the people involved in the project, Tania Claros Pérez has a degree in Psychology from the University of Oviedo. She has completed a Master's degree in Gender Studies at the University of Oviedo and another in teacher training (Master's degree in Teacher Training, specializing in Educational Guidance). She is an expert in Child and Youth Protection and has relevant experience in coordinating youth activities and programmes at local, regional, national and European level. Tania has more than 15 years of experience as a trainer, facilitator and educator in social, cultural and educational projects, and she is also an environmental educator.

In addition, she has been managing European projects for more than 5 years. Languages: Spanish (mother tongue), English and Italian.

Silvia González-Cutre Alfaro has a degree in Translation and Interpretation, specializing in English and French. She has a Master's degree in International Business Management, including foreign trade and taxation, and a Master's degree in Executive Secretarial Work. She has a Certificate in Pedagogical Aptitude and holds the Qualified Teacher Status granted by the General Teaching Council for England. Silvia has been also working as a sworn translator and linguistic advisor for more than 10 years in schools, companies and organizations. European project manager for more than 6 years. Languages: Spanish (mother tongue), English and French.

Operational/Technical capacity: Skills and expertise of key staff involved in the project.
