

## Call for European Partners (Application on Round 3: October 2020)

We are looking for partner organizations to join our Erasmus+ project “ **Get on the train ! What train ?**” under **Key Action 2** “Strategic Partnerships” supporting innovation in the field of Education, Training and Youth.

### Introduction

You are interested and sensitive to recognition of volunteering in youth work,  
You carry values of non-formal education, education to, for and through diversity,  
Join us in this collaborative adventure encouraging human being, active citizenship, learning by doing, cooperation, commitment supporting the European youth!  
Our 5 non-profit organizations involved in non-formal education are working since 2017 in order to create an educative frame fostering and valorizing volunteering in youth work within Europe.

# GET ON THE WHAT TRAIN!?

We have organized several trainings in Belgium and France to build this project. Experimented in group leader’s training, we are convinced of the social impact of such a device at a European level, in terms of cooperation and citizenship, developing an education to and with diversity.

**Our main goal is to elaborate a training frame conform to all specificities of participants countries.** This working method has fostered exchange and renewal of our practices but also of tools and participants skills.

Cooperation is rather an issue of this project than a strength providing empowerment and reflexion among participants.

**This initiative should allow trainees to be involved as group leaders in several European countries with the same certificate, creating new mobility's opportunities out of school or professional frames.**

This new device aims at nourishing cohesion, sharing common values and intercultural exchanges.

The creation of a European Volunteering Certificate for group leaders would be an essential achievement facilitating intercultural meetings of the European Youth, its mobility and its social, citizen and educative commitment.

**Now, we are focus on these following objectives :**

- Continue to experiment on the field : organize international trainings for group leaders, youth exchanges, trainers meetings, job-shadowing.
- Host new national and European partners.
- Create a new educative frame for group leaders, new tools, new methods.
- Develop this project through Key Action 2 "Strategic partnerships"

**We are looking for:** 5 partners maximum.

**Deadline for this partner request:** 15th of September 2020
