BACKGROUND AND EXPERIENCE

Please briefly present your organisation.

Il Tetto works, since 1984, in the area of child and young protection, hosting children and adolescents in community houses and giving them educational support. The Cooperative aims at supporting these children and adolescents through the process of discovering their potential and capability, so that they can become self-fulfilled adults and enhance their socio-economic well-being.

The Cooperative is constituted by 50 educators and around 60 volunteers. We have:

- five communities for minors: each house hosts 7-10 kids that are between 2 and 18 years old.
- 7 houses where we carry out a project called "Accompanied Autonomy", which supports young-adults between 18 and 21 years old, who usually come from the communities for minors, in the transition to adulthood and therefore autonomy.
- An Italian school for foreigners, for both adults and non-accompanied migrant children.
- Fundraising activities.

Our purposes are to protect the right of children and adolescents and give them the right to a healthy and happy growth.

We promote the values of pluralism, non-discrimination, tolerance, justice and solidarity. Our communities are built around the principles of mutual respect and help.

What are the activities and experience of your organisation in the areas relevant for this application?

Il Tetto firmly believes in social solidarity and active citizenship. Our work is strongly supported by the activities of many local volunteers, who spend their time to support our kids. Furthermore, since 2009, Il Tetto receives European volunteers, first under the Youth in Action programme and now through the European Solidarity Corps Programme.

Therefore, we have the capability to manage international young volunteers and to make the best out of their experience, particularly in terms of supporting them recognize the soft skills and professional abilities they will develop.

The volunteers are guided by a tutor, who organizes periodical meetings in order to monitor and evaluate their experience, and supported by the educators who work with them daily.

We believe in teamwork and the volunteers are considered as part of the team, so that they will also be motivated to give their opinion and participate to the decision making process.

What are the skills and expertise of key staff/persons in your organization that will be involved in this project?

Marianna Capretti is the mentor and she's a highly skilled project manager. She works at Il Tetto since 2006 and she is also part of the Administrative Board. She has a master degree in Grant Writing and Project Managing, along with a long experience in managing different kind of social projects. She is also an educator and she believes in the importance of education to tackle social inequality and allow everyone to reach their goals in life.

Marta de Marinis is the tutor of the volunteers. She's a young grant writer, with a master degree in International Cooperation and Inclusive Education and a two year's working experience abroad. She strongly believes in the power of international cooperation to build a just world for everyone. Through her experience abroad and her studies, she developed soft and professional skills in the field of intercultural dialogue and inclusive education.

Apart from the two main coordinators of the project, all the educators of our team are used to work in an intercultural environment, so that they have personal skills that allow them to be inclusive and welcoming with the volunteers.
