Topic

Rejection by the family and friends of LGBTQI + people, school and street violence, discrimination and the hateful behavior against them can lead to underdevelopment, mental problems, and in critical cases suicide.

Examining the differentiation of the views about participation in gender roles in social division of labor in Europe, it can be stated that there is a strong difference of opinion between the Eastern and Western regions of Europe. According to the most recent annual review of ILGA Europe's human rights situation of LGBTQI+ community, most of the participating countries in the projects have a low score on the index, meaning that they can not live with their basic human rights if they belong to this minority.

The association will rent a bus because this is the easiest and least expensive and the safest way to reach the venue. The bus can transport the participants from Budapest to Pákozd, and in the end from Pákozd to Budapest (we'll talk about it exactly where and when). This costs around 30 euros / person (total). This amount will be deducted from the amount of the travel cost. Therefore, it is important for everyone to arrive on in time. This 30 euros is less than the amount what would you need in Hungary if you use public transport. Other tickets from Hungary not necessarily need to be reimbursed because we will take you with the bus so you won't need public transport.
