## **ABOUT US**

Peculiar Child Care Support; was founded, to transform living conditions in remote communities and poorest slum areas by empowering the children, youth and women through education, healthcare, skills development, community outreach and leadership formation programs, which mainstreams child rights, gender equality and Gods love.

## **OUR VISION**

Godly, innovative and enterprising poverty free community for children and young adults

## **OUR MISSION**

To be a Voice of Hope, Action of Love, that establish, equip, empower and support children and young adults in Uganda communities through our life transforming projects and other strategic partnerships.

## EDUCATION

Our Education Program, provides opportunities for remote village and slum children to access quality formal education. PCCS has since established community primary schools, designed to provide formal education to orphans and other vulnerable children.

## SKILLS DEVELOPMENT

Economic Empowerment program aims at increasing access to skills development and sustainable employment opportunities for youth especially the young women, with Vocational Skills in fashion and design, hairdressing, computer skills and sensitize them about the current dangers of (HIV/AIDS and Early pregnancy), Breaking the York of vulnerability to a successful and desirable life so as to eradicate poverty in the community

## HEALTH CARE

Health program focuses on making interventions in areas of Sexual Reproductive Health Rights (SRHR), Mental Health, and Drug and substance abuse through Social Behavioral Change (SBC) activities around these key areas and engaging different stakeholders at all levels to increase young people's access to quality healthcare and wellbeing.

## COMMUNITY OUTREACH

Over years our hearts and focus are always with single young mothers who are not sure how to provide for their family. There is a rapidly creasing number of young single mothers who are found of being rejected by the irresponsible men and they are frustrated to an extent that some commit suicide, they are hit by depression. Everyone knows what it means to be a single mother, to an extent of having one meal a day to feed their children.

## VOLUNTEER PROGRAMS

We Welcome people of all ages to participate in our ongoing life transforming programs and community developments in Uganda. You do not need special skills to Get involved but love for children and a helping heart for people in need. Whether you're at school, a student, looking for work, employed or retired, there are many ways that you can Get-Involved.

## SPONSOR A CHILD

Sponsoring a child with PCCS is more than just giving money. Your sponsored child will regard you as a gift from God and will pray for you each day as well as write letters to you. A relationship will begin that will change you and your child's life forever. Your monthly gift will provide assistance for Education expenses, Food, Medical attention when needed, mentorship and leadership training.

## Our Story

Samuel is a dynamic and dedicated young married man of Ugandan origin, a social worker by profession, holding a degree in Adult & Community Education, a motivational writer and a friend of Jesus Christ.

He is passionate about helping people in need especially the children, young people and making a difference in the community, exploring and learning new cultures, traveling, listening to much, networking and making friends.

Sam initiated **Peculiar Child Care Support** with an aim of working to reduce the unbridled problems facing children and young people in the most impoverished communities and slums of Uganda.

His life-long passion; enthusiasm and desire have turned into a full-time work commitment as an Executive Director, doing what he loves best and gaining valuable knowledge and experience in managing Peculiar Child Care Support a nonprofit organization and over years the organization has soared and made tremendous land marks on its journey.
