D. BACKGROUND AND EXPERIENCE

PLEASE BRIEFLY PRESENT THE PARTNER ORGANISATION

The "ASEDEJ Cultural Association" was born in 2019 from the unification of the goals of its founding member: Daddy Kashinda. This organisation is now in over five countries; Belarus, Tunisia, Cyprus, Ukraine and Congo DRC

The association's mission is: promoting integration and social development through mobility and cultural exchanges among young people but also promoting diversity and interreligious dialogue, promoting mobility in Europe for the purpose of learning for young people in Southern Italy and improving their skills in foreign languages. Improving work for unemployed young people, enhancing the ancient work and manual agricultural work, hosting young people from around the world on their farm to create a social environment to carry out training courses, educational farm for children in local schools and activities such as the production of cheeses, bread, olive oil and everything that recalls ancient traditions. ASEDEJ is the association to link cultural mobility and traditions, exploring first ourselves and then the place visited. It is also one opportunity to explore our childhood in our society.

We have experience in the field of cultural associations and no-formal learning activities, unique experiences with the Erasmus+ program (Youth Exchange, Mobility of youth worker) and its key actions (KA1, KA2, KA3) with issues related to immigration, the social inclusion of disadvantaged people, people with disabilities and marginalization. We try to help and include youngers in our project and we cooperate with one local high school, following to our mission and values.
