C.2.3. Background and Experience

Please briefly present the partner organization/group (e.g. its type, scope of work, areas of activity and if applicable, approximate number of paid/unpaid staff, learners and members of the group).

Estrellas del Sur was founded in 2020 to promote a spirit and community integration and to foster European culture awareness among the youth. Estrellas del Sur is presented at local level as a tool to assist and support the implementation of non-formal, high-quality education courses and improving knowledge of European labour system practices. We would like to organise courses, visits and meetings, European events for public agencies on policies concerning youth, mobility, sports, local economic development, culture and cooperation, etc. We believe that transnational experience could offer young people the opportunity to grow within a European dimension through their personal and professional skills, so that they could become main actors of the European future.

Our aims are:

- To support structure necessary to uphold the curriculum and instructional process through international cooperation and exchange of ideas, knowledge and experiences.
- To equip the worse-off with the necessary tool for making them to progress at the same pace than everyone else regardless of gender, social background, cultural or educational background.
- To promote the social construction of Europe and intercultural dialogue.
- To favour understanding of foreign cultures and youth participation.
- To provide support to any cultural, educational, environmental and/or artistic expression based on the previous values.

Our fields of interest are:

- Environmentalism
- Local development,
- Employment,
- Youth information,
- International mobility,
- Culture, education,
- Entrepreneurship,
- Active and collective participation,

Indeed, we have a wide target group. In general, we focus on anyone interested in education issues, especially those looking for an experience abroad and in need of a grant or funding. This group involves people of all ages and backgrounds but centered in the youth. Our organisation members provide their experience participating in other international events and personal involvement in other European projects for helping all our goals to become true.

What are the activities and experience of the partner organization in the areas relevant for this project?

We specialize in youth work through a variety of educational, cultural, and social activities aimed at empowering young people in our community. Our organization is committed to inclusion, non-formal education, youth empowerment, and development. Here's an overview of our activities and experience in youth work:

1. **Erasmus+ and European Solidarity Corps Projects:** We are highly active in developing and implementing international projects under the Erasmus+ and ESC programs. These provide young people with opportunities for cultural exchanges, volunteering, and training abroad, fostering youth mobility and intercultural learning.
2. **Workshops and training sessions:** We offer workshops that focus on the development of soft skills like leadership, teamwork, entrepreneurship, conflict resolution, and effective communication. These help young people prepare for the job market and engage actively in their communities.
3. **Mentoring and youth development support:** A core element of our approach is providing ongoing mentoring and support to youth as they navigate their personal and professional journeys. Through personalized mentoring programs, we help young people set and achieve their goals, build resilience, and develop essential life skills. We also offer career guidance and continuous support throughout their participation in our activities and projects.
4. **Local inclusion projects:** We run social inclusion initiatives to support youth from vulnerable backgrounds, including migrants or those with fewer opportunities. These projects provide essential tools for their social and professional integration, helping them to overcome challenges and thrive.
5. **Cultural and artistic activities:** We encourage creative expression through activities like theater, dance, music, and visual arts. These programs offer young people a platform to explore their talents in a collaborative and supportive environment.
6. **Promotion of active citizenship:** Through campaigns and community events, we promote active citizenship, encouraging young people to contribute to their communities through volunteer work and civic engagement.
7. **Guidance and support programs:** We offer continuous guidance and support to local youth, assisting them in accessing opportunities in education, employment, and volunteering, both locally and internationally.

Estrellas del Sur plays a pivotal role in promoting youth work, combining mentoring, non-formal education, cultural activities, and international projects. Our approach enriches young people's lives, supporting their holistic development on both personal and professional levels.

What are the skills and/or expertise of key persons involved in this project?

Our staff is well experienced in implementing EU projects, having worked in similar projects, is formed by:

Maximiliano Moreno López: He is currently working as a researcher at the Ministry of Ecological Transition on environmental public policies and economists in the Bank of Spain. He is carrying out a PhD in Environmental Economics in PSE after finishing his master at UC3M (Madrid) and worked as assistant professor at Sorbonne University. He has been coordinator and facilitator in various projects and participated in long and short-term Erasmus programs. Moreover, he took part in European events through different youth associations attending international youth forums and representing the voice of the Spanish youth in several activities. Maximiliano provides an updated framework and scientific knowledge to environmental and policy related projects.

Pablo Sánchez Ruiz: He studied Primary Teaching degree and Physical Activity and Sports Science degree at the Universidad de Granada and a master in secondary teaching in the Universidad de Sevilla.

Moreover, he's the international representative of the Spanish Scout Association ASDE participating in and organizing several events and meetings with international commissioners from all the Scouts association all around the globe and has been preparing and organizing youth forums since 2019 and participated in several of them. He has also a good CV regarding the youth representation not only for the organization of the national forums, but also he participated in the governing board and several commissions in his faculty while he was studying his degrees.

Antonio Porcel, a graduate in Philosophy, Politics, and Economics from the Alliance 4 UAM, UAB, UC3M, and UPF and a current student in the Master's in Social Sciences. He completed his internship at the Spanish Federal Council of the European Movement. Through CFEME, he spearheaded the project 'The Voice of the Erasmus Generation,' an Erasmus+ initiative encouraging young individuals to engage with decision-makers. He manages the Erasmus+ project 'D-EU-Bating' at Estrellas del Sur, promoting debate tournaments and online sessions with a European focus. Additionally, Antonio has worked as a European policy analyst at Sigmados, a company specializing in demoscopic studies.

Gonzalo Martínez is a final year student of the double degree in Advertising and Tourism at the University of Valladolid. He is currently living in Greece as part of his final year Erasmus program. Gonzalo is a dynamic person who has actively collaborated with several non-profit organizations, such as the Spanish Red Cross and the Food Bank of La Rioja. In addition, he has also participated in university associations dedicated to the field of communication and event organization, with the aim of expanding his knowledge and sharing it with the rest of the community.

María Perales is a jurist, graduated from the University of Granada and specialised in International and European Union Law through a postgraduate degree in High International and European Studies. In 2021 she started working in a consultancy firm with expertise in European funds and funding programmes. There, she gained experience in planning, drafting and implementing projects funded by programmes such as Erasmus +, Horizon Europe and Creative Europe. In 2022 she moved to Brussels to work in a Foundation dedicated to European funding projects, as a project manager in the Erasmus+ department, in charge of

14004 Córdoba

G02811461

asoc.estrellasdelsur@gmail.com

drafting projects within this programme, within key actions 1, 2 and 3.

Cristina Peralbo Villamandos: She graduated with a degree in Law and International Relations from the University of Córdoba and pursued a Master's in Peace and Conflict Studies. During her undergraduate years, she completed an internship working on projects related to youth empowerment and international cooperation. She coordinated some of these projects during 1 year for the University of Córdoba. She was a driving force behind the Youth Scout Forums in ASDE promoting youth engagement in decision-making processes. She is currently involved in managing international projects that focus on fostering dialogue and understanding among diverse communities.

Has the partner organization participated in a European Union granted project in the 3 years preceding this application? YES
