We are one of the most active-working NGO in our region and country. Giving the fact that we are living and working in a disadvantaged area, we have an affection on a lot of lives and we have the chance to change a lot in our society. So with this event, we believe that we can make new contacts and widen our network for our upcoming projects such as hosting volunteers, sending volunteers from here, training courses etc..

**2. What is profile of the participants you plan on sending to our PBA?**

We will send participants who are currently volunteering in our organization and willing to help our society. It is very important to us to have enthusiastic participation in our activities. So with all that being said, we will be picking participants who are inspired by youth projects and willing to meet and make contact with new organizations.
