→ with **200+** participants

Keeping Europe Moving Forward

Our core areas

Social inclusion

accessible learning and international opportunities for young people with fewer opportunities, focusing on participation, empowerment, and equal access to non-formal education

Civic & democratic participation

to better understand, experience, and shape democracy through dialogue, civic education, and participatory youth activities at local and European level

Digital & future skills

develop young people's digital, critical, and transversal skills through innovative non-formal learning methods, with a strong focus on responsible and meaningful use of technology

Environmental awareness

engage young people in sustainability and environmental topics through hands-on learning experiences, encouraging responsible thinking and long-term commitment

Learning across borders

"When I first arrived on the island, I was a bit scared and felt a little out of place, but I think I really stepped out of my comfort zone and could gain some confidence."

"I loved how it created a perfect flow between learning, networking, and working all in a cool, calm, and energizing atmosphere."

155

and countless experiences

Strong partnerships, long-term cooperation

BLUEFRONT
training of trainers

CEVY
closing meeting

V.E.G.A.
local training

Accreditation in the field of youth
KA210, KA220

Quality labels:
supporting, coordinating,
humanitarian aid

Citizens, Equality, Rights and
Values programme

The Team Behind
