

What we do?

We aim to develop transformative competencies through supporting youth initiatives, international mobility and volunteerism, and organising non-formal education events. We organise youth exchanges and training courses and are active in cooperation partnerships as coordinator and partner too.

Non-formal education and learning mobility

Supporting international volunteerism

Training and development activities in youth work

Main topics

- **Culture & creativity**
- **Inclusion & equality**
- **Digital education & youth work**
- **Mental health & wellbeing**
- **Sustainable development**

Our team

Besides our permanent team, we have a large network of volunteers and experts like trainers, educators, and informal groups of young people. Our professional background covers adult education management, career counselling, sociology, social and educational policy, communication, youth work and research & development.

Activities

We are active in **learning mobility** projects (both supporting and organising), **cooperation partnerships** and **international volunteerism**.

We are working with the following programmes:

- Erasmus+ KA1 and KA2
- ESC (former EVS)
- International Visegrad Fund
- and we are very open to new opportunities.

As a partner in your projects, we provide high-quality management and professional contribution, training & development activities, research & development, writing guides and manuals, hosting international events and organising local workshops.
