SDGs Goals

YF is a registered non-profit association located in Amman started newly in 2022 to promote social development and creative education through non-formal methods, art expression tactics and international cooperation.

We work on empowering youth to increase their active participation in the development process; building a community of young entrepreneurs who are capable and inspired as well as we want to encourage the participation and the involvement of young people in international youth cooperation in the field of non-formal education and intercultural dialogue. Through this cooperation, we will try to cover all skills that people need to learn or improve.

YF efforts are beyond national levels, targeting youth inclusively from the MENA region. We work on creating opportunities for youth through local and international development projects, embracing their abilities and potential. Additionally, YF forms alliances with local youth organizations building their capacity to serve youth.

YF works to raise awareness and spread knowledge for better environment and healthy life style and others..., as well to

TRAINING AND DEVELOPMENT

What are the activities and experience of the organisation in the areas relevant for this application?

Even though YF is a new organization (2022), but our active works and goals were happening before 2018. We were a community activists who organized events and workshops for a better life; we organized workshop for health, cancer patients services, cultural language events, art activities, environments volunteer works, orphan and refugees services events especially during Ramadan, languages trainings, women empowerment activities and job offers events with a support from charities and organizations such as Injaz. In addition, apart from our work in organizing, we were joining volunteer works with NGO and charities. We were organizing these workshops, seminars, volunteering work and training courses free of charge as part of our passion of community engagement and now we are officially helpers with an official NGO (Youth Feeders).

YF group is working with different target groups, organizations and charities. Working in many topics; environments, art, culture, entrepreneurship, technology, languages, society development, self-expression, human rights, health peace, nonviolence education, intercultural dialogue, gender equality, women empowerment etc.. through formal and non-formal education.

YF has different types of activities that it will be used in future projects that are related to spreading the peace, building understanding bridges between different cultures, working for breaking the stereotypes that affects the mutual concepts between countries, supporting human rights and development, and raising awareness about the importance of opening dialogue among different school of thoughts.

We as YF Group aims to focus on running capacity building projects in addition to the development of local NGOs operating there in addition to networking peers and resource sharing to effectively drive all civil society components into maximizing their positive change in the community and in-turn generating more resources for local NGOs.

As well, we aim for a better future for our youth so we towards developing youth interpersonally and professionally.

In addition, we focus on providing youth with cultural exchange opportunities to increase their acceptance of others, remove cultural barriers, and exchange viewpoints.

In our works, we focus on making youth being out of the box either in their behaviors or their minds. In other words, we give them the opportunities to take the national boundaries out for a while and think differently and freely at the same time develop skills, knowledge and build capacity.

We provide youth with volunteering opportunities and encourage them to give back. We also support youth in developing their communities by giving them the chance to create and lead community projects and initiatives. Also, enable youth and prepare them to represent Jordan internationally.
