Background and Experience	
Please briefly present your organisation	International Bambu Education Association is an organization that endeavours to reach children digitally who face disadvantaged situations in their education life due to socio-economic factors by bringing together volunteer trainers and children who need educational support. It started its activities in 2019 with the aim of supporting their personal development with workshop programs that prioritize self-actualization, self-discovery and the development of their talents and imaginations, with the principle of social benefit In addition to providing support with their curriculum,
What are the activities and experience of your organisation in the areas relevant for this application?	<p>Bambu Volunteer Education Association works with youths who are volunteers in this association as trainers for children in terms of different sort of activities such as assistance for curriculum, workshops(creative drama, coding, leadership etc.). Therefore, we encourage youths to be volunteers and do some activities for the benefit of local people.</p> <p>In addition, we submitted a youth exchange project proposal on environmental issues. It focused on creative way of recycling and upcycling.</p>
What are the activities and experience of your organisation in the areas relevant for this application?	<p>Bambu Volunteer Education Association works on 5 different topics. These are "One-to-One Training", "Workshops", "Adult Trainings", "Psychological Support" and "Organizations".</p> <p>-One-to-One Training is our mentoring support that aims to improve the personal and social skills of primary and secondary school students as well as supporting their curriculum education. In order to increase the equality of opportunity in education, we try to reach children who face disadvantaged situations in their education life due to socioeconomic factors and bring them together with volunteer trainers. The people who have graduated their university education and high school students aged 16 and over can become one-on-one training volunteers.</p>

<p>What are the activities and experience of your organisation in the areas relevant for this application?</p>	<p>-Workshops are our support that we aim to develop the mental, physical and social skills of students aged 4-14, with workshops in different fields in accordance with their age groups. We give these online workshops through our e-learning system to develop children's social skills, and our physical workshops in cooperation with various municipalities, especially IMM. These workshops can be held by professionals, undergraduate & associate degree students or graduates, high school students aged 16 and over, workshop volunteers.</p> <p>-Adult Trainings are the trainings we organize for individuals aged 18 and over, especially our parents. With these trainings, we aim to increase the efficiency of our education with more conscious parents and students. These trainings are carried out on the internet under the control of our volunteer coordination team through our e-learning system.</p> <p>-Psychological Support is our support program where we aim to help students who are preparing for high school and university exams gain the ability to manage their exam anxiety. With the help of this support, we ensure that students who have limited access to psychological counseling opportunities at schools have access to psychological support through volunteer psychologists. Supports are carried out on the internet, through our e-learning system, under the control of our volunteer coordination team.</p> <p>-Organizations are big events that we organize with our team and stakeholders for special days or groups in order to bring the social impact. We desire to create to wider audiences.</p>
